4. Amend the Fiscal Years 2025-2029 Capital Improvement Program.

DISCUSSION:

The City of Fort Worth received a total American Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds (SLFRF) allocation of \$173,745,090.00, consisting of \$87,024,408.00 to be spent in the areas of Public Health and Negative Economic Impacts (Non-Revenue Recovery), and \$86,720,682.00 to assist the City of Fort Worth (City) with the provision of governmental services (Revenue Recovery).

To date, City Council has approved allocations totaling \$172,142,907.00. \$86,353,499.00. has been allocated in the Revenue Recovery category leaving \$367,183.00 unallocated, and \$84,284,448.00 has been allocated in the Non-Revenue Recovery category, leaving a balance of \$1,235,000.00 unallocated.

This Mayor and Council Communication (M&C) is to authorize the use of up to \$376,000.00 of ARPA SLFRF Revenue Recovery funds to increase the resiliency, capabilities, and delivery efficiency of City of Fort Worth (City) technology services as those items relate to infrastructure and data protection initiatives. The identified Information Technology Solutions (ITS) capital project was initially approved by City Council on May 24, 2022 by M&C 22-0366 after being determined to be a qualified priority by City Management for ARPA funding as approved by the City Council in M&C 21-0445 on June 22, 2021. Upon approval by Council, the requested funds will be allocated to the ARPA for the ITS Initiatives project (City Project No. 103746).

The activities that are designed to execute the infrastructure and data protection efforts, procure services to assist with those efforts, and deliver advanced solutions to support strategic directions, are indicated by the high-level categorizations in the table below.

Initiative	Total	Goal
Windows 11	\$367,000	Implement more secure and advanced version of computing systems.

This authorization allocates the funding within large categories while future M&C requests will identify specific spend authority amongst specific vendors using cooperatives and/or bid processes as appropriate.

Funding for this project was not included in the Fiscal Years (FY) 2025-2029 Capital Improvement Program. The action in this M&C will amend the FY2025-2029 Capital Improvement Program as

approved in connection with Ordinance 27107-09-2024.

Additionally, this M&C will authorize the use of up to \$200,000.00 of ARPA SLFRF Non-Revenue Recovery funds to support the ITS Neighborhood WiFi project initiated during the Coronavirus Aid, Relief and Economic Security Act to deliver internet connectivity to the Rosemont, Ash Crescent, Northside and Stop Six neighborhoods previously not served with affordable internet. M&C 22-0368, adopted by City Council on May 24, 2022, allocated \$3,361,047.00 of ARPA Non-Revenue Recovery funds for completion of the WiFi infrastructure and initial operational support. Subsequently, on June 27, 2023, through M&C 23-0609, ITS project leaders identified \$1,200,000.00 of residual revenue to be reclaimed from the project and reallocated to other ARPA initiatives. That amount was determined to be an overestimate and \$200,000.00 is recommended to be reallocated to the Neighborhood WiFi project.

Allocation of ARPA Subtitle M Funding

ARPA Section 9901, Subsection 603(c)(1)(C) provides funding to offset government entities' lost revenue as a consequence of the pandemic. ARPA Section 9901, Subsection 603(c)(1)(A) provides funding to support initiatives for communities disproportionately impacted by the COVID pandemic. Per U.S. Treasury guidelines, all general ARPA funds must be fully obligated by December 31, 2024 and fully expended by December 31, 2026.
