

Why do you need training?

Swimming pool and spa operators are obligated to provide clean and safe facilities for public use. Proper training is essential to the operation of a safe pool/spa.

Drowning is the leading cause of accidental death for children under the age of five. Diseases can be spread by swimming in improperly treated water.

The City of Fort Worth and other cities in Tarrant County require pool operator training for operators/managers of public pools/spas.

- This Trained Pool Operator certificate is good for three years and must be posted with the pool permit.
- This course is designed to meet the needs of professionals working with apartments, condos, hotels/motels, health clubs, country clubs, and homeowner associations.

A word about the instructors

Jeff Williams is a Certified Pool Operator Instructor through the Pool and Hot Tub Alliance. He has fourteen years experience operating and/or inspecting pools and spas. He will offer your staff a wealth of real world knowledge and experience.

For accommodation or sign interpretive services, please contact the Code Compliance Department, 817-392-7255 at least 48 hours in advance.

Pool/Spa Operator Course

About the course

This basic course covers water chemistry, filtration and recirculation, state and local regulations, waterborne diseases, pool/spa safety, and water testing. This is a one-day course that is required for the person responsible for operating and managing Class C and D public swimming pools and spas.

After successfully completing the course and passing the exam, operators are issued a certificate valid for **three years**.

- **State Code requires that operators and managers of competitive and municipal pools and spas (class A and B) attend a nationally accredited class such as the Certified Pool Operator (CPO) training offered on May 7. Upon successful completion, the pool/spa operator receives a five year certificate.**

If you have questions about the Pool Operator course, please contact Jeff Williams or Arturo Franco at 817-392-7255.

Any pool or spa within the city limits of Fort Worth closed for health and safety reasons shall remain closed until a re-inspection is conducted by the health official. Prior to the re-inspection, a fee (\$125) shall be paid for each body of water closed. It is our hope that your staff will take full advantage of this course, and that the gained knowledge will help them understand and develop preventive measures to reduce hazardous conditions at your pool/spa.

*Pool and Hot Tub Alliance Certified Pool Operator Course (National Certification)

This year we are offering a Pool and Hot Tub Alliance Pool Operator Course to be held on **May 7th**. This is an extensive course that will give an operator a broader range of knowledge of pool operations. Spaces are limited to 20, and you will need to take a course online prior to the class. The **fee for the PHTA CPO Course is \$275.00** and requires passing the test for certification. CPO certification is valid for five years. **Must be registered by April 16th, 2020.** Access to online course will be provided after registration is received.
