- Metropolitan Medical Response System (MMRS)
- Broadband Spectrum for First Responders
- Opposition to Federal Collective Bargaining Legislation

PROPOSED CITY OF FORT WORTH 2022 FEDERAL AGENDA

Federal Congressional Priorities for 2022

Fighting for Mobility Improvements

- **Summary:** Traditional and alternative forms of transit are essential to Fort Worth's current and planned investments in economic growth and community development. Fort Worth is completing transformative infrastructure improvements that will increase access to jobs and encourage new residential and business developments. Support for ongoing highway improvements—including money to elevate I-35 in key places, if such a plan is part of the Regional Transportation Plan—robust **high-speed** passenger rail that spans the city, enhanced public transportation systems, and alternative transit opportunities, including bike trails, will be continuing priorities in the 2nd Session of the 117th Congress.

PROPOSED CITY OF FORT WORTH 2022 FEDERAL AGENDA

Federal Congressional Priorities for 2022

Support for Educational and Career Development

- **Summary:** Fort Worth's continued growth and economic success depends in large part on our city's ability to deliver quality educational opportunities for our future workforce. Families in our community deserve access to programs that provide a diverse continuum of educational resources with particular emphasis on workforce development, especially in STEM. Supporting high school programs that encourage workforce preparedness, better equipping students for the needs of today's job market, will remain a priority in our federal engagement in 2022. Additionally, early childhood education programs are critical to the long-term success of Fort Worth's school aged children. Identifying opportunities to enhance and create programs that increase access to quality early childhood education and care through "flexible," locally distributed federal funding dollars will **continue to** be a key priority in the 117th Congress.

PROPOSED CITY OF FORT WORTH 2022 FEDERAL AGENDA

Federal Congressional Priorities for 2022

Supporting “Central City” Flood Control

- **Summary:** Fort Worth is one of the fastest growing large cities in America. The “Central City” flood control project is a key element in managing and modernizing the “Fort Worth Federal Floodway” levee system, essential to protecting our rapidly expanding population and economy. The “Central City” flood control plan will protect people and businesses north and east of our current downtown while providing much needed economic security and certainty to these flood prone communities. Continued modernization of the Trinity River levee system will depend greatly on substantial and sustained federal funding and administration support for the “Central City” flood control project and is a key priority for 2022.

PROPOSED CITY OF FORT WORTH 2022 FEDERAL AGENDA

Federal Congressional Priorities for 2022

Supporting Our Local Defense Economy

- **Summary:** Fort Worth's economic growth and development is inextricably tied to the health of America's military and defense industries. The Naval Air Station Joint Reserve Base (NASJRB) and Fort Worth's synergistic relationship with top military contractors in the United States are models for many cities across our nation. Continuing support for NASJRB as well as sustaining the growth of our defense contracting industries through federal 2023 budget and appropriations support for programs like "Future Vertical Lift," the Bell "360 Invictus Helicopter," and military modernization will be a key priority. Additionally, Fort Worth is home to a large and growing population of active duty and reservist military personnel as well as veterans of all ages. Supporting those who have served and continue to serve our country will be an ongoing priority in the 117th Congress.

PROPOSED CITY OF FORT WORTH 2022 FEDERAL AGENDA

Federal Congressional Priorities for 2022

Calling on Congress to Reform America's Broken Immigration System

- **Summary:** The City of Fort Worth is a large and growing community, deeply rooted in diverse and multicultural Texas traditions. For more than 140 years, laws governing and regulating immigration to our country have been the exclusive responsibility of the United States Congress. As a community that chooses to stand united, the City of Fort Worth calls on the United States Congress to fulfill its duty to the American public and pass immigration reforms in 2022 that strengthen our nation's rule of law and sovereignty, beginning at our national borders, while also treating all people, regardless of their origin, with the dignity and respect our nation's shared values and principles of democracy demand.
- *Chy Lung v. Freeman*, 92 U.S. 275 (1875)
