

Neighbor to Neighbor: TCU Edition

serves as a resource to help students understand the responsibilities of being respectful, considerate neighbors and community members.

City of Fort Worth Useful Contacts

Emergency Services: 911

Non-Emergency Services: 817-392-4222

- Parking and noise complaints

Code Compliance: 817-392-1234

- Garbage collection, recycling and bulk trash

Planning & Development: 817-392-8000

- Zoning issues and permits

Visit OneAddress.FortWorthTexas.gov to learn more about your specific address. Enter your address for information on garbage pickup, neighborhood associations, building permits, crime, code violations and other city data.

For more information on the Neighbor to Neighbor program, visit FortWorthTexas.gov/TCUNeighbors or contact City of Fort Worth Community Engagement at 817-392-6201.

The Community Engagement team develops communication networks of city stakeholders, such as faith-based groups, neighborhood associations, schools and non-profit organizations vital to the success of city initiatives and programs. Learn how you can partner with their team by visiting FortWorthTexas.gov/Engagement.

Neighbor to Neighbor: TCU Edition

Neighbor to Neighbor: TCU Edition is a program to inform you of your responsibilities as a resident of Fort Worth and provides resources that will allow all neighbors to live and experience Fort Worth in a safe, comfortable manner.

The Neighbor to Neighbor program is a partnership with the City of Fort Worth to ensure a strong relationship between students and off campus neighbors.

Be a Good Neighbor!

Whether you're a long time resident or just here for a semester, city regulations apply. Please follow these rules to keep your neighborhood clean and safe:

Excessive or Illegal Parking

Vehicles can be parked on any public street unless otherwise prohibited by official, demarcated signage in the area. Long-term storage of vehicles on a public street is prohibited. Never block driveways or fire hydrants when parking on a public street, and never park over a sidewalk, crosswalk or within an intersection.

Noise Violations

Unreasonable or excessive noise, like rowdy, outdoor conversation and loud music, can disrupt the peace of your neighborhood, especially if the noise occurs during late-night hours.

Maximum sound levels for all residential properties within the City of Fort Worth are set as:

- Daytime, 7 a.m.-10 p.m.: 70 decibels (equivalent to a running vacuum cleaner).
- Nighttime, 10 p.m.-7 a.m.: 60 decibels (equivalent to a normal conversation).

Trash and Litter Control

All residents, owners and renters are responsible for the upkeep and cleanliness of their property. Exterior and interior portions of the property must be clean and free of debris.

Trash and debris must be securely contained in the proper city issued receptacles:

- Garbage and household waste must be stored in plastic bags and placed in the brown garbage cart.
- Recyclable items should be empty, clean and dry before placed unbagged in the blue recycle cart. *Plastic bags, clothes hangers and Styrofoam cannot be recycled in the blue cart.*
- Carts should be placed at the curb after 6 p.m. the night before your pickup day and should be retrieved from the curb by midnight on your pickup day.

Garbage and recycle pickup occurs once a week. Call 817-392-1234 to find out your designated day.

Neighborly Advice:

- Meet and talk with your neighbors.
- Exchange contact information with your neighbors.
- Attend your neighborhood association's meetings and events. Find your neighborhood association at ***OneAddress.FortWorthTexas.gov***.
- When you intend to host a party, notify your neighbors.
- Respect and follow posted speed limit signs and traffic signals.
- Keep your neighborhood litter free by picking up trash and debris.

Have Extra Trash?

The beginning and end of each semester brings a huge influx of heavy and bulky trash. These items can only be disposed of at one of the Fort Worth Drop-Off Stations or at the curb on your assigned week.

Visit FortWorthTexas.gov/SolidWaste or call 817-392-1234 to learn more about what to do with your extra trash.
