Work Description:	Baker Building Services, Address 1406 Ashmore Court, Keller TX 76248 (Brant Baker, Cell phone 682-249-4262, info@bakerbuildingservices.com) completed a remodel of our 2nd floor attic into a finished room less than a year ago. The contractor, Brant Baker, proactively told us that because we were not making this a bedroom, that a permit and inspection were not essential. I found out towards the end of the project that because he did electrical and HVAC work, that was not true. I have been attempting since September 2nd, 2020 to get him to apply for the permit and get this inspected, but he has not done so after promising for months to do so. Therefore, I am applying for the permit.				Issued : 09/13/2021

Contractor Information:							
	HOMESTEAD PERMIT						
Work Description:	add 36x27 carport // The carport will be all wood stick built except the front left and right column as we will make them out of steel with a steel beam to support the front elevation of the roof. The roof will match the roof design of the home, not to exceed the home's roof height and it will have the same color shingles and wood trim. Based on all the other garage additions I would like to follow the precedent set by them and put our carport off of the property line towards our home three feet and off of the back property line three feet in toward our home			Issued : 09/22/2021
