C. CONTINUED CASES

1. **SP-22-005**  
   a. Site Location: 7601 Summer Creek Drive  
   b. Acreage: 0.75  
   c. Applicant/Agent: Revenue Avenue LLC  
   d. Request To: Submit required site plan for “PD 246” Planned Development for all uses in “E” Neighborhood Commercial excluding tattoo parlor and massage parlor for a drive-thru restaurant

2. **ZC-22-065**  
   a. Site Location: 5100 - 5200 blocks Parker Henderson Road  
   b. Acreage: 57.41  
   c. Applicant/Agent: James Parker McCulley  
   a. Request: From: ”AG” Agricultural  
   To: “I” Light Industrial
3. ZC-22-091
   a. Site Location: 2716 & 2722 Wingate Street
   b. Acreage: 0.37
   c. Applicant/Agent: KBPFive, Inc.
   d. Request: From: “A-5” One-Family
                To: “UR” Urban Residential

D. NEW CASES

4. SP-22-009
   a. Site Location: 600 N. Meacham Boulevard
   b. Acreage: 18.22
   c. Applicant/Agent: Musket Corp
   d. Request: Amend site plan for PD 1106 Planned Development for all uses in “K”
                Heavy Industrial plus biodiesel processing and storage; site plan included.

5. SP-22-010
   a. Site Location: 300-400 blocks Carroll Street
   b. Acreage: 17.81
   c. Applicant/Agent: Riokim Montgomery LP
   d. Request: Amend Site Plan for PD 574 Planned Development for all uses in "MU-2"
                Mixed-Use with Demolition Delay.

6. SP-22-011
   a. Site Location: 1701 S. University Drive
   b. Acreage: 3.33
   c. Applicant/Agent: Oncor Electric Delivery
   d. Request: To: Amend Site Plan for “PD/G” Planned Development for all uses in “G”
                Intensive Commercial, plus hotel and residential, with development standards for height, setbacks, urban forestry,
                landscaping, and parking; site plan included.

7. ZC-22-098
   a. Site Location: 4520 Sycamore School Road
   b. Acreage: 4.72
   c. Applicant/Agent: Jaimin Patel
   d. Request: From: “F” General Commercial
                To: “PD/D” Planned Development for “D” High Density Multifamily
                removing Community Home, Group Home 1 &2, and Country Club uses with development standards for setbacks, parking, and building height, site plan included.
8. ZC-22-099 CD 6

a. Site Location: 5235 Bryant Irvin Road
b. Acreage: 1.70
c. Applicant/Agent: 5235 Bryant Irvin LLC
d. Request: To: Add Conditional Use Permit (CUP) to allow an automated carwash facility in "G" Intensive Commercial; site plan included with development waivers for vacuum canopies placement, screening fence, and accessory structures placement, site plan included.

9. ZC-22-100 CD 7

a. Site Location: 516 W Bonds Ranch LLC
b. Acreage: 2.04
c. Applicant/Agent: 516 W Bonds Ranch Road
d. Request: From: “E” Neighborhood Commercial; “PD 911” for “E” Neighborhood Commercial uses plus one family residence & farmers’ market To: “E” Neighborhood Commercial

10. ZC-22-101 CD 9

a. Site Location: 5201 & 5199 McCart Avenue
b. Acreage: 8.42
c. Applicant/Agent: SVP MDO, LLC
d. Request: From: “E” Neighborhood Commercial To: “F” General Commercial

11. ZC-22-102 CD 8

a. Site Location: 4401 Enon Road
b. Acreage: 77.47
c. Applicant/Agent: George Moore
d. Request: From: “AG” Agricultural To: “MH” Manufactured Housing

12. ZC-22-103 CD 9

a. Site Location: 4437 & 4441 Wayside Avenue
b. Acreage: 0.29
c. Applicant/Agent: Up DFW Properties LLC
d. Request: From: “A-5” One-Family To: “B” Two-Family

13. ZC-22-104 CD 3

a. Site Location: 10300 block Chapin Road
b. Acreage: 2.96
c. Applicant/Agent: HighFive Trust – BJA Mark
d. Request: From: “AG” Agricultural To: “PD/G” Planned Development for all uses in “G” Intensive Commercial, plus miniwarehouse; site plan included
14. ZC-22-105
   a. Site Location: 13300 block Sendera Ranch Road
   b. Acreage: 13.79
   c. Applicant/Agent: JGB Investments, LP
                 To: “D” High Density Multifamily

15. ZC-22-106
   a. Site Location: 5700 block Altamesa Boulevard
   b. Acreage: 7.4
   c. Applicant/Agent: Dirk Branch LP
   d. Request: From: “I” Light Industrial
                 To: “PD/D” Planned Development for all uses in “D” High Density Multifamily with specific development standards for open space, parking orientation, and density; site plan included.

16. ZC-22-108

| c. Applicant/Agent:         | City of Fort Worth – Development Services |

E. ADJOURNMENT:

ASSISTANCE AT THE PUBLIC MEETINGS:
This meeting site is wheelchair accessible. Persons with disabilities who plan to attend this meeting and who may need accommodations, auxiliary aids, or services such as interpreters, readers, or large print are requested to contact the City’s ADA Coordinator at (817) 392-8552 or e-mail ADA@FortWorthTexas.gov at least 48 hours prior to the meeting so that appropriate arrangements can be made. If the City does not receive notification at least 48 hours prior to the meeting, the City will make a reasonable attempt to provide the necessary accommodations.

ASSISTENCIA A REUNIONES PUBLICAS:
El sitio de reunión es accesible con silla de ruedas. Se solicita a las personas con discapacidades que planean asistir a esta reunión y que necesitan acomodaciones, auxilios auxiliares o servicios tales como intérpretes, lectores o impresiones con letra grande, que se comuniquen con el Coordinador de la Asociación Americana de Discapacitados (ADA) de la Ciudad llamando al teléfono (817) 392-8552 o por correo electrónico a ADA@FortWorthTexas.gov por lo menos 48 horas antes de la reunión, de modo que puedan hacerse los arreglos adecuados. Si la Municipalidad no recibe una notificación por lo menos 48 horas antes de la reunión, ésta hará un intento razonable para proporcionar las acomodaciones necesarias.

Executive Session.
A closed executive session may be held with respect to any posted agenda item to enable the Commission to receive advice from legal counsel, pursuant to Texas Government Code, Section 551.071.
Case Manager: Stephen Murray

Owner / Applicant: Revenue Avenue, LLC

Site Location: 7601 Summer Creek Drive  
Acreage: 0.75 acres

Proposed Use: Drive-Thru Restaurant

Request: From: “PD 246” Planned Development for all uses in “E” Neighborhood Commercial excluding tattoo parlor and massage parlor

To: Submit required site plan for a drive-thru restaurant

Staff Recommendation: Approval

10. Aerial Photograph
The subject property is located northeast of the intersection of Summer Creek Drive and Sycamore School Road. The current zoning of this site is Planned Development PD 246, which was approved in 2002 to allow all uses in “E” Neighborhood Commercial excluding tattoo parlor and massage parlor; site plan required. Although the zoning was approved in 2002, commercial development within the PD area has only begun in the last five years. The applicant is now submitting the required site plan for 7601 Summer Creek Drive to allow development of a new drive-thru restaurant.

The site plan depicts a 3,400-square foot restaurant building with a drive-thru lane and a 700-square foot patio space. An existing easement connecting to Summer Creek Drive provides access to this site and surrounding development. 41 off-street parking spaces are being provided to meet minimum ordinance requirements. The site plan complies will all requirements for “E” Neighborhood Commercial zoning and no waivers or specific development standards are being requested.

All immediately surrounding properties are also located within PD 246. There is an existing commercial development to the south of this site that includes a drive-thru coffee shop, restaurant, nail salon, dentist office, and animal clinic.

The Zoning Commission first heard this request on April 13th. The applicant requested a continuance at that date, and the Zoning Commission voted 8-0 for a 90-day continuance.

### Surrounding Zoning and Land Uses

North  PD 246 / vacant  
East   PD 246 / vacant  
South  PD 246 / retail center; “E” Neighborhood Commercial / drive-thru coffee shop  
West  PD 823 / apartment complex, convenience store and gas station

### Recent Zoning History

- **ZC-02-270**: Established PD 246 for all uses in “E” Neighborhood Commercial excluding tattoo and massage parlor; site plan required.

- Site plan cases for properties within Planned Development PD 246:  
  - SP-17-017: retail center (5228 Sycamore School Road)  
  - SP-18-012 / SP-20-008: daycare (7345 Canyon Park Drive)  
  - SP-21-011: drive-thru restaurant (7621 Summer Creek Drive)  
  - SP-22-004: proposed drive-thru restaurant (5216 Sycamore School Road)  
  - SP-22-006: proposed office buildings (7309 Canyon Park Drive)

Development Impact Analysis

Site Plan Comments

**Zoning and Land Use**
- Please update the following items on the site plan:
  - Revise signature block to read “Director of Development Services” instead of “Director of Planning and Development.”
  - Add the zoning case number: SP-22-005.
  - Canyon Park Drive is a named easement. Please label this on the site plan.
  - Correct the zoning labels for surrounding properties to be “PD 246” Planned Development for “E” Neighborhood Commercial Uses.

**Transportation**
- Sidewalks and Street Lights: Sidewalks and street lights are required for all public and private streets as per City of Fort Worth Standards.

**Fire Department**
FYI COMMENTS:
- The 24’ fire lane is named as Canyon Park Drive.
- Access is provided from Canyon Park Drive and the 24’ Public Access Easement that parallels Summer Creek Drive. IFC 2021/Amendments Ordinance #25388-03-2022 Section 503
- An existing hydrant along Canyon Park Drive provided building hose lay. IFC 2021/Amendments Ordinance #25388-03-2022 Sections 507.5.1, 507.5.4, 5, and 6 Fire Hydrants
- IFC 2021/Amendments states hose lay must be no more than 150 from a hydrant to the FDC for sprinkler systems. IFC 2021/Amendments Ordinance #25388-03-2022 Sections 507.5.1
- Minimum fire lane width is 20' and is only required for building hose lay or access. IFC 2021/Amendments Ordinance #25388-03-2022 Sections 503.2.1

*(Comments made by Plating (Subdivision Ordinance), Transportation/Public Works, Fire, Park & Recreation, and Water Department staff cannot be waived through the Zoning Commission and City Council. Approval of the zoning site plan does not constitute the acceptance of conditions.)*
Zoning Map Amendment

Case Manager: Stephen Murray
Owner / Applicant: James Parker McCulley
Site Location: 5100-5200 blocks Parker Henderson Rd

Acreage: 57.4 acres

Request

Proposed Use: Distribution & Logistics Facility
Request:
From: “AG” Agricultural
To: “I” Light Industrial

Recommendation

Land Use Compatibility: Requested change is compatible.

Comprehensive Plan Consistency: Tract 1: is not consistent (Significant Deviation).
Tract 2: is consistent

Staff Recommendation: Denial

9. Aerial Photograph
The subject property is located at the intersection of Parker Henderson Road and David Strickland Rd. The site is currently vacant and it is zoned “AG” Agricultural District. The applicant intends to rezone the 57-acre tract to “I” Light Industrial for two warehouse/distribution/logistic centers. The site is located within ½ mile from East Loop 820 South Freeway and is surrounded by a mix of industrial, manufactured housing, school, and vacant land. Approximately half of the site is located within an industrial growth center.

The case was continued due significant opposition to the case and to allow the applicant to continue to meet with the neighborhood. Several concerns have been voiced related to the proposal.

1. Heavy truck traffic and toxic air emissions
2. Proximity to school and existing park
3. Environmental justice concerns

The applicant will likely address these concerns during the Public Hearing.

* This Neighborhood Association is located closest to the subject property
Land Use Compatibility

The applicant is proposing to rezone this property from “AG” Agricultural to “I” Light Industrial. Surrounding land uses vary with Prairie Dog Park and manufactured housing to the north, industrial to the east, school, single-family, stables, manufactured housing, and vacant land just south, and vacant land to the west.

The proposed industrial is located in close proximity to an existing W.M. Green Elementary School and Prairie Dog Park. The proposed development could have negative implications for students and families trying to access the sites. At the time of development, a sidewalk and other street improvements will be required. The applicant will also have to complete and obtain an approved traffic study from the City.

The proposed zoning is compatible with surrounding land uses.

Comprehensive Plan Consistency – Southeast

The adopted Comprehensive Plan has two designations for the subject property.

Tract 1-Located west of David Strickland Rd is classified as “Open Space”. The future land use map was changed from single-family to open space in 2010. This proposed site is privately owned, contains a gas well, with no plans for purchase by the Parks and Recreation Department. The proposed zoning for this tract does not align with the following policies of the Comprehensive Plan:

- To protect water quality and provide for connected green spaces, encourage parks, bike trails, and open space within floodplains and along adjacent water bodies.
- Encourage the provision of open space within new developments, with the goal of linking open spaces within adjoining subdivisions

Based on conformance with the policies stated above, the proposed zoning is not consistent (Significant Deviation) with the Comprehensive Plan.

Tract 2-Located on east of David Strickland Rd is classified as an “Industrial Growth Center” This site is intended to be developed for warehouse/distribution. The proposed zoning aligns with the following policies of the Comprehensive Plan:

- Locate large commercial and institutional uses adjacent to arterial streets, preferably at the intersections of other arterials and highways.
- Locate large industrial uses along freight rail lines, highways, or airports within industrial growth centers and other appropriate locations

David Strickland Rd is designated as a minor arterial roadway on the City’s Master Thoroughfare Plan and this site is located within a ½ mile of East Loop 820 South Freeway. Based on conformance with the policies stated above, the proposed zoning is consistent with the Comprehensive Plan. If this zoning change request is approved, staff recommends that the Future Land Use Map also be updated to reflect industrial development in this location.
The adopted Economic Development Strategic Plan identified four different visions, goals, and strategies to facilitate the success and growth of the City of Fort Worth. The below recommendations apply to this project:

PERFORMANCE METRICS

2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
Zoning Staff Report

Date: July 13, 2022        Case Number: ZC-22-091        Council District: 9

Zoning Map Amendment

Case Manager: Monica Lafitte
Owner / Applicant: KBPFive, Inc. / A. G. Smith Homes, LLC
Site Location: 2716 & 2722 Wingate Street        Acreage: 0.37 acres

Request

Proposed Use: Townhomes
Request: From: “A-5” One-Family
To: “UR” Urban Residential

Recommendation

Land Use Compatibility: Requested change is compatible
Comprehensive Plan Consistency: Requested change is consistent (Minor Boundary Adjustment)
Staff Recommendation: Approval

Table of Contents

1. Project Description and Background
2. Surounding Zoning and Land Uses
3. Recent Zoning History
4. Public Notification
5. Development Impact Analysis
   a. Land Use Compatibility
   b. Comprehensive Plan Consistency
   c. Economic Development Plan
6. Zoning Map with 300 ft. Notification Area
7. Area Map
8. Future Land Use Map
9. Aerial Photograph
The subject site consists of two adjacent lots on the north side of Wingate Street between Foch Street and Carroll Street in the Linwood Neighborhood. The two homes on the lot are to be demolished to make way for proposed townhome use. The applicant is requesting to rezone from “A-5” One-Family to “UR” Urban Residential.

The Linwood area has had a lot of redevelopment in recent years. It is a desirable neighborhood for creating the walkable, pedestrian friendly type of Urban Residential housing, as it is located adjacent to the West 7th Urban Village, which has a mix of residential, restaurant, entertainment, retail, office, and other uses.

The lots appear to have a few trees on them; all development will be subject to the appropriate requirements of the Urban Forestry Ordinance.

This case initially appeared at the June 8 Zoning Commission hearing but requested a 30-day continuance to allow additional time to work with the surrounding neighborhoods.

Surrounding Zoning and Land Uses

North  “UR” Urban Residential / residential and undeveloped
       “A-5” One-Family / residential
East   “UR” Urban Residential / residential
South  “UR” Urban Residential / townhomes
West  “A-5” One-Family / residential

Recent Zoning History

- ZC-22-040 from B to UR; current zoning case; southwest of subject site
- ZC-21-026 from A-5 to PD/UR with development standards; effective 7/2/21; south of subject site
- ZC-20-090 from A-5 to UR; denied by City Council 8/25/20; south of subject site
- ZC-20-162 from A-5 to UR; effective 5/27/21 north of subject site
- ZC-20-034 from A-5 and MU-1 to PD/MU-1 with development standards; denied by City Council 6/23/20; south of subject site
- ZC-19-102 from A-5 to UR; effective 9/28/19; north-adjacent of subject site
- ZC-19-125; from MU-1 to add CUP to allow a bar; effective 10/24/19; northeast of subject site

Legal Notifications were mailed by May 27, 2022.

Land Use Compatibility

The applicant is requesting to rezone from “A-5” One-Family to “UR” Urban Residential with the intention to build townhomes. The surrounding land uses are apartment, townhome, duplex, and single family. The site is within 600 feet of First Flight Park to the southeast and within 500 feet of Linwood-Jesse D. Sandoval Park to the southwest. To the north and east of the site, there are multiple commercial uses within 300-500 feet, as well.

The proposed zoning is compatible with surrounding land uses.

Comprehensive Plan Consistency – Arlington Heights

The 2021 Comprehensive Plan currently designates the subject property as Urban Residential on the Future Land Use Map. Below is an excerpt of the table from Ch. 4 Land Use of the Comprehensive Plan, which shows “UR” Urban Residential zoning as the only appropriate zoning type in the Urban Residential designation of Future Land Use.

</tr>
</tbody>
</table>

The proposed zoning is consistent with the land use designations for this area, and aligns with the following policies of the Comprehensive Plan:

- Locate multifamily units within walking distance of public transportation, employment, recreation, and/or shopping to increase accessibility and decrease vehicular traffic.

- Support diverse housing options, including duplexes, fourplexes, townhomes, and small courtyard apartments to promote walkable communities, access to neighborhood services, and multimodal transportation options, while ensuring compatibility with the form, sale, and design of existing neighborhoods.
• Encourage urban residential development in appropriate locations to create more walkable, pedestrian-oriented neighborhoods.

Based on conformance with the policies stated above, the proposed zoning is **consistent** with the Comprehensive Plan.

**Economic Development Plan**

The 2018 Economic Development Strategic Plan identified four different results to facilitate the success and growth of Fort Worth:

1. High-wage job growth.
2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
3. An economy that capitalizes on high-growth businesses and the creative individuals who fuel them, targeting specific industry classifications.
4. A commitment to “quality of place” throughout the community, including rising home values, new business startups, reduction of blighted areas, and the emergence of walkable corridors with a mixture of residential and commercial developments and related amenities.
Zoning Staff Report

Date: July 13, 2022  Case Number: SP-22-009  Council District: 2

Case Manager: Stephen Murray
Owner / Applicant: Musket Corporation
Site Location: 600 N Meacham Blvd  Acreage: 18.22 acres

Request

Proposed Use: New 12,000 warehouse
Companion Case: ZC-16-137; SP-20-20
Request: To: Amend site plan for PD 1106 Planned Development for all uses in “K” Heavy Industrial plus biodiesel processing and storage; site plan included.

Recommendation

Staff Recommendation: Approval

   a. Site Plan Comments
6. Zoning Map with 300 ft. Notification Area
7. Site Plan
8. Area Map
9. Future Land Use Map
10. Aerial Photograph
The subject site is located north of West 7th Street and east of Carroll Street, within the Planned Development PD574, which encompasses the Montgomery Plaza development. This case is for the northeast portion of the Planned Development along the railroad tracks. The Planned Development has a Demolition Delay overlay. It is located within the West Seventh Urban Village.

Because there is an approved site plan for PD574, any major changes to the site plan must go through the public hearing process. This northeast portion of the Planned Development is now submitting a new site plan for their portion of the Planned Development. The site will remove the existing retail buildings and redesign the site with two new buildings, one entirely residential multifamily and one mostly residential with some commercial use located on the ground floor.

The existing PD574 was established via ZC-03-320A was adopted on 6/8/04. The below screenshot is from Ordinance 16001, which created the Planned Development.

2601 W. 7th Street

Description: Lot 1, Block 1, Montgomery Ward & Company Addition.

Zoning Change:

From: “J” Medium Industrial
To: “PD/MU-2” Planned Development for High Intensity Mixed Use with Outdoor Sales and Storage of Masonry/Paving Materials; Fencing; Plants/Landscaping; Tool Shed; Lawn Equipment, and Outdoor Furniture permitted for both Large Retail Development. Site Plan required. (See SP-03-055)

The associated SP-03-055 was approved at the same time as the Zoning Case. Since 2003, several minor amendments have been made to the overall site plan; these minor amendments have been handled administratively, as they were not large enough items to necessitate coming back through the public hearing process. No cases to revise the site plan have come to the Zoning Commission until this case.

As this is a Site Plan case, it is not changing any of the development standards of the Planned Development. This case is only for the approval of the new proposed site plan for that footprint of PD574.

If the project is greater than 90% residential use, a proximity test must be completed and submitted to staff prior to building permits. Refer to 4.1302(b)(4) of the “MU-2” High Intensity Mixed-Use Ordinance.

Surrounding Zoning and Land Uses

North “I” Light Industrial / Commercial and Industrial
East “MU-2” High Intensity Mixed-Use / Residential Apartments
South PD574 / Mixed Use
West PD574 / Mixed Use
Recent Zoning History

- ZC-22-091 from A-5 to UR; west of subject site; current zoning case continued to today’s docket
- ZC-22-047 from C to E; went to ZC April 2022; west of subject site
- ZC-21-193 from C to MU-1; effective 5/3/22; west of subject property
- ZC-21-026 from A-5 to PD/UR with development standards and site plan; effective 7/2/21; west of subject site
- ZC-21-069 from F to MU-2; effective 11/1/21; west of subject site
- SP-10-005 amend PD574 site plan for lot 4R; site plan with waiver requests for Chick-Fil-A which was denied without prejudice by City Council 8/3/10 because Chick-Fil-A submitted a site plan to staff that met the standards of the ordinance and no longer needed to site plan case; west-adjacent of subject site
- ZC-07-144 Council-initiated rezoning of 28 acres in Linwood from B, C, D, ER, I to A-5, R2, MU-1; effective 9/4/07; northwest of subject site
- ZC-06-195 creating Trinity Uptown District (now Panther-Island); northeast of subject site

Development Impact Analysis

Site Plan Comments

**Zoning and Land Use**

The site plan is in general compliance with the Zoning Ordinance. The below outlines a few items that were unable to be determined at the time of publication of the Zoning Docket. It is up to the Zoning Commission if the case would be moved forward subject to compliance with the noted staff comments and allowed to make minor amendments working with staff before City Council, or if the case should be continued at Zoning Commission to allow more time to work out the below items.
Plat was not provided with the application documents, but an exhibit of existing and proposed access easements was later provided. Staff was therefore unable to confirm how property will be platted with Right-of-Ways, Public Use Easements, Access Easements, or lot lines; these items affect requirements of the MU-2 Ordinance. PD Site Plan may need to be revised pending plat.

- 4.1302(g)(5) Buildings must have their main entrance from a public sidewalk or plaza, or from a private sidewalk or plaza that is publicly accessible through a public use easement. Primary entrances shall not be from a parking lot. Secondary entrances from parking lots are permitted.
- 4.1302(g)(5)(e)(1) Apartments, condominiums, and manor houses with street level units must provide individual street-oriented entries for each unit along the primary street frontage.
- 4.1302(g)(5)(f)(1) Each retail use with exterior ground level exposure along a street or public space shall have an individual public entry from the street or public space.
- Unclear where Public Use Easements/ROWs are located when considering front yard setbacks.

In reference to the above items, some points that may need to be revised depending on the way the property is officially platted are the building setbacks (particularly on the southern façade of Lot 3R), and parking spaces located between the building and the public access easement (along the southern façade of Lot 3R), main entrance being from a public plaza or access easement (again, main entrance along southern façade of Lot 3R).

To obtain the height bonus for the 7-story building, project must meet requirements of 4.1302(d)(8). Applicant has expressed intent to meet 4.1302(d)(8)b for the Structured Parking height bonus (providing 100% of all off-street parking within the structured parking) and 4.1302(d)(8)c for Open Space (providing a publicly accessible pocket park).

MU-2 has a maximum parking permitted of 100% of the calculated requirement. Parking was not able to be verified, as the number of spaces being provided was not on the site plan.

Surface parking must meet the landscape requirements of 4.1302(f)(3).

Staff cannot determine if the proposed surface parking spaces are permissible without being provided the parking calculations or the number of spaces in the garages.

**Informational Notes**

- As applicable, any fence or structure that is located within an easement will require permission of the easement holder(s) to encroach. Underground or aerial utilities include electricity, gas, water, sewer, telephone, etc. Awnings that encroach the right-of-way require an encroachment agreement.
- Enhanced Landscaping is not shown on the site plan, but it should be noted that it will be required to meet the Street Trees and Pedestrian Scaled lighting along all Rights-of-Way and all Public Access Easements that are acting as ROW.
- Urban Forestry is not shown on the site plan. Project must comply with Urban Forestry requirements per MU-2 standards.
- Signs are not shown on the site plan. All signs will conform to to Article 4, Signs, and the additional provisions of the MU-2 Ordinance in 4.1302(h)(1).
- Many items of the MU-2 Ordinance are not able to be determined with this site plan and will be reviewed upon building permit submittal: façade variation, entrance locations, fenestration, entrance awnings, etc.
- Plans must be designed to comply with the MU-2 Ordinance. Any items that do not meet the Ordinance must be added as a Development Standard/Waiver to the PD. The item would first need to go before the Urban Design Commission (UDC) for a recommendation and then to Zoning Commission (ZC) with the final decision coming from City Council.
- Parking is being calculated per the requirement established via the original SP-03-055, rather than the current MU-2 standard. This note is shown on the site plan.
Park & Recreation Department
- PARD/PDP: This development is within the boundaries of Park Planning District 4; the Neighborhood & Community Park Dedication Policy applies.
- There is a required $1225.50 fee due for each residential unit.
- All fees must be paid in full, at or before the time of applying for a building permit.
- No City permits will be issued until the PDP fees have been paid.
- Call or email Lori Gordon at 817-392-5743 or lori.gordon@fortworthtexas.gov for additional information.

Project Description and Background

The subject site is at the northeast quadrant where University Drive crosses over the Clear Fork Trinity River. The site has over 500 feet along the riverbank trail. This location was previously occupied by Hawthorn Suites by Wyndam, but the structures were demolished more than a year ago.

The applicant had a previous case ZC-22-029 which went to Zoning Commission in March and City Council on April 12, 2022. City Council approved the case and associated site plan. The applicant is now revising the site plan due to construction cost increases. The original site plan and the new proposed site plan are both for mixed-use developments.

The applicant is not changing any requirements or development standards of the Planned Development established in April; only the site plan is being reconfigured. The site plan meets the development standards outlined in the Planned Development.

Site Plan Comments

Zoning and Land Use

- Any encroachment into easements must provide approval letters from all easement holders.
- Landscaping and tree placements as shown on the site plan are allowed to be relocated in updated versions of site plan; the locations of plantings were not reviewed as part of this zoning case. Per development standard, the required landscaping will be per MU-1 requirements (street trees and pedestrian scaled lighting).
- Per the PD’s development standard, the site will comply with MU-1 parking requirements. Commercial parking is as follows:

<table>
<thead>
<tr>
<th>LOCATION</th>
<th>MINIMUM</th>
<th>MAXIMUM**</th>
</tr>
</thead>
<tbody>
<tr>
<td>Project not located within 250 feet of a one- or two-family zoned property</td>
<td>None*</td>

</tr>
<tr>
<td>Project located within 1,320 feet of an existing or approved passenger rail station or stop</td>
<td>50 percent (%)</td>
<td>100 percent (%)</td>
</tr>
</tbody>
</table>

*Residential uses as part of a mixed-use building shall provide required parking as listed in the residential parking table
**For mixed-use buildings and projects, the maximum parking requirement shall be the sum of the individual requirements for all uses.

It should be noted that the Trinity River, as well as the park and zoo across the river, are all zoned “A-5” One-Family. However, this will not necessitate minimum parking requirements for the commercial component of the site, as stated in (b)(1) of the 6.201(B) referenced section:

(b) Required off-street parking.
(1) Minimum parking requirements. The following table establishes the minimum parking requirements for uses located in residential zoned property or within 250 feet of one- or two-family zoned property. This regulation shall not include properties adjacent to one- or two-family districts that are used as utilities, waterways, railroad right-of-way or other nonresidential public use. When a property zoned and used for one- or two-family residential purposes is located within 250 feet but is separated by one of the above uses, parking is not required only if access is not possible to the residential area. For all other uses, no minimum parking spaces shall be required.

Park and Recreation Department

- PARD/PDP: This development is within the boundaries of Park Planning District 4; the Neighborhood & Community Park Dedication Policy applies.
- There is a required $1225.50 fee due for each residential unit.
- All fees must be paid in full, at or before the time of applying for a building permit.
- No City permits will be issued until the PDP fees have been paid.
- Call or email Lori Gordon at 817-392-5743 or lori.gordon@fortworthtexas.gov for additional information.

The subject property is located near the northeast corner of Hulen Street and Sycamore School Road. The site is currently vacant and is zoned “F” General Commercial. The applicant is requesting rezoning to "PD/D" Planned Development for all uses in "D" High Density Multifamily with specific development regulations. The attached site plan shows a three (3) story multifamily complex, with a total of 146 units. Parking will be provided at a ratio of one space per bedroom plus additional spaces for the common areas, and will include a mix of surface parking and carport spaces.

The applicant is requesting development standards for and parking in front of the primary structure. The applicant would like to request a continuance for this case in order to amend the site plan based on comments provided.

The table below provides the “D” standards vs. the proposed.

Development Impact Analysis

Land Use Compatibility

The applicant is proposing a zoning change to “PD/D” Planned Development for “D” High Density Multifamily with development standards for parking in front of building, site plan included. Surrounding land consist of a church to the south, Candleridge Park and single-family uses to the east, multifamily to the north, and commercial and multifamily to the west. The rezoning is located on nearly five (5) acres and the propose improvements will not infringe on the nearby residences. The structures are located within the interior of the overall lot. The proposed multifamily is also located next to a park and within close proximity of bus routes 66x and 52, which will provide access to alternative modes of transportation.

As a result, the proposed zoning request is compatible at this location.

Comprehensive Plan Consistency –Wedgwood

The Comprehensive Plan designates the subject property as “Neighborhood Commercial”. The requested zoning change is not consistent with the following Comprehensive Plan policy:

- Encourage infill development of compatible, single-family homes in existing neighborhoods to preserve and protect residential neighborhoods.

Multifamily has been removed as an encouraged land use in commercial districts in accordance with current Zoning policies. Based on the lack of conformance with the future land use map and policy stated above the proposed zoning is not consistent (Significant Deviation) with the Comprehensive Plan.

Economic Development Plan

The adopted Economic Development Strategic Plan identified a vision, goals, and strategies to facilitate the success and growth of the City of Fort Worth. The City desires to have a more sustainable tax base, driven less
by residential property valuation and more by commercial and industrial investment. The proposed multifamily
does not meet this purpose.

Site Plan Comments

The site plan as submitted is not in general compliance with the Zoning Ordinance regulations.
1. Parking not allowed in front of building along Sycamore
2. Remove dumpster
3. Solid screening fence required adjacent one or two-family districts
4. Remove landscaping (see notes section) and add note stating you will comply
5. What is the max height of the proposed structures?
6. Units per acre?
7. Does the project meet 35% open space?
8. Parking: 1 space per bedroom plus 1 space per 250 square feet of common areas, offices and recreation
   (less laundry rooms and storage); 2 spaces may be tandem if assigned to the same unit and restricted from use for storage. How many spaces is the project deficient
9. Building Orientation. Buildings located on public streets must face the street with the longest length of
   the building placed parallel/adjacent to the street. Where site constraints require, the building end
   (shortest length of the building) may face a public street only when the same exterior quality to the
   building facade is provided including architecture, masonry and fenestration proportion on the side of
   other buildings facing the public street.
   a. Clubhouse would be considered accessory (may need to request waiver for this)
10. Provide note stating you will comply with MFD standards unless otherwise noted on this site plan

FWFD - (Lt. Donna York, donna.york@fortworthtexas.gov)
1. If there is one continuous building, the Emergency Access easement won't need to be named and the
   building can be addressed from Sycamore School Road. The street name can remain as is, if there are no
   plans to alter the EAE.
2. The platted EAE doesn't match the one shown in the site plan with regard to access points.
3. The access shown on the site plan has been previously approved for Fire based on limited space available
   for additional. With limited access, one of the driveways must align with the median cut for eastbound
   traffic.
4. Hose lay must be provided to all exterior walls within 150', measured in a 5' wide unobstructed path. The
   distance MAY be increased from 150 to 300'. Hose lay is measured from the edge of a marked fire lane
   or public street. Standpipes may be required to provide hose lay to the walls of the courtyard area.
5. Minimum fire lane (EAE) width is 26'. Minimum fire lane (EAE) turn radii: 25' inside and 51' outside

(Comments made by Platting (Subdivision Ordinance), Transportation/Public Works, Fire, Park &
Recreation, and Water Department staff cannot be waived through the Zoning Commission and City Council.
Approval of the zoning site plan does not constitute the acceptance of conditions.)

8.  Site Plan
9.  Area Map
10.  Future Land Use Map
11.  Aerial Photograph
The proposed site is located at the southeast quadrant of Bryant Irvin Road and Trailview Drive. The applicant is requesting to add a Conditional Use Permit to allow an automated carwash facility; site plan included.

Carwashes are only permitted within commercial zoning districts through the CUP process. The applicant has applied for the (CUP) Conditional Use Permit to allow this use within the “G” district for a drive-thru carwash facility in an approximately 5,200 sq. ft. building. Self-service vacuum spaces are shown in behind the carwash building, as well as 4 additional canopies at the north end of the lot. Conditional uses are those uses which are generally compatible with the permitted land uses in a given zoning district, but which require individual review of their proposed location, design and configuration, and the imposition of conditions in order to ensure the appropriateness of the use at a particular location.

The subject site and the general area to the north and east are designated as Mixed Use from Oakmont Boulevard to Southwest Boulevard (SH 183). The area is serviced by a low-frequency Trinity Metro bus line that runs along Bryant Irvin Road, generally once per hour. Bryant Irvin Road is designated as a scenic corridor from the West Freeway (I-30) to Oakmont Boulevard.

While a carwash is not permitted in the “G” zoning district by right, allowing one by CUP with a site plan may help mitigate any neighborhood concerns, as well as give options for the CUP to be revoked in the event of code violation convictions. The site is currently vacant land. The site is surrounded by an electrical substation or Oncor owned property to the north, east, and south, with two apartment complexes to the west. The nearest residential district, “C” Medium Density Multifamily zoning, abuts the eastern and southern property lines. The closest residential use, being an apartment complex, lies just beyond the narrow Oncor ownership to the south, with the closest residential building being about 65 feet away. The car wash dryer faces Trailview Drive away from the closest multifamily complex, but towards another multifamily complex to the northwest. Because sound volume does not decrease noticeably until after 300 feet to approximately 60 decibels, the location of the car wash equipment and 30 vacuums are likely to have a significant detrimental impact on the neighborhood.

The site plan shows 9 vacuum stalls, menu boards, and the payment kiosks in front of the front building wall. The zoning ordinance requires these items to be behind the front building wall, so the applicants are requesting a development waiver. The site is over-parked by 25%, with 34 parking spaces where 25 spaces are required. Removal of the vacuum spaces in front of the building would eliminate both a development waiver and the over-parking issue. Because the site is covered by a scenic corridor, the detached menu boards and payment kiosks in front of the building detract from the site’s appearance.

Although the site is adjacent to Oncor properties, the majority of their parcels are zoned “C” Medium Density Multifamily zoning, which trigger the supplemental setbacks of 25 feet for vacuuming facilities and screening fencing. Only the location of vacuum canopies immediately behind the building meets the supplemental standards for car washes. Development waivers have been requested to waive the required screening fencing from the southern portion of the drainage easement to the northeasterly corner. While waiving a solid fence in a drainage easement is appropriate, a waiver to screening fence around the remainder of the eastern side increases the visual clutter created by the electrical substation. Additional development waivers are requested to place vacuum canopies approximately 5 feet from the residentially zoned properties. The 21-car queuing space in 3 lanes appears to be excessive. A reduction to one lane of queuing would allow the car wash building to be closer to the street and allow more room for the vacuum canopy setbacks.

Through Ordinance 23609 effective March 29, 2019, the Conditional Use Permit allows for an unlimited time period for the operation of a use unless otherwise approved by the City Council. If a time limit is established for a Conditional Use Permit, the renewal of the CUP shall be considered through the public hearing process and approved by the City Council. A CUP shall expire if no permitting action is taken within six months of approval
or cease of the use for six months. A CUP may be revoked through the public hearing process if necessary after convictions of one or more code violations.

Per Section 4.407 (a), the following general rules apply to all conditional uses:
   a) Conditional use permits in residential districts shall be limited to those uses designated “CUP” in the Residential District Use Table in Chapter 4, Article 6, Section 4.603.
   b) Approval of a conditional use permit shall authorize only the particular use or category of related uses for which the conditional use permit is issued.
   c) A conditional use shall not be enlarged, extended or otherwise modified unless approved by the City Council or approved administratively as applicable.
   d) The use of property for the purposes described in a conditional use permit shall not commence until a certificate of occupancy has been issued. A certificate of occupancy shall not be issued until all or approvals which may be required by the Codes and Ordinances of the City, including, but not limited to, a Building Permit, a Certificate of Occupancy and subdivision approval have been satisfied.

Section (d) provides the following Conditional Use Permit factors in consideration of appropriateness of a request:
   a) The proposed use is consistent with the Comprehensive Plan;
   b) The proposed use is compatible with the existing and adjacent uses.
   c) The proposed use meets all supplemental use standards specifically applicable to the use as set forth in Chapter 5;
   d) The proposed use is compatible with and preserves the character and integrity of adjacent development and neighborhoods;
   e) The proposed use is not materially detrimental to the public health, safety, and welfare, or results in material damage or prejudice to other property in the vicinity.

Surrounding Zoning and Land Uses

- North “G” Intensive Commercial / Electrical transmission lines
- East “C” Medium Density Multifamily / Electrical substation
Land Use Compatibility

The applicant is proposing a zoning change to add a CUP to allow a carwash facility in the “G” zoning district. Surrounding land uses consist of electrical infrastructure uses to the north and east, with an apartment complex to the south, and additional apartment complexes to the west. The closest residential district shares the common eastern and southern property lines, with the closest residential building approximately 60 feet away. Other residential buildings are generally 250 feet away from the proposed car wash dryer. Car wash dryer noise significantly diminishes beyond 300 feet. Development waivers for 4 vacuum canopies placement, screening fence, and accessory structures placement have been requested. The hard surfacing of the auto-oriented site is further compounded by additional parking spaces in vacuum canopies that exceed the required number of parking spaces.

The proposed zoning request is not compatible with surrounding land uses due the noise impacts on the surrounding residential uses less than 300 feet away, the 9 development waivers that diminish the appearance of the neighborhood, and the additional parking spaces above the required amount.
The 2022 Comprehensive Plan currently designates the subject property as mixed use, where vehicular uses are not encouraged. The proposed zoning is inconsistent with the land use designations for this area, and with the following policies of the Comprehensive Plan:

- Promote appropriate infill development of vacant lots, old commercial centers (greyfields), and contaminated sites (brownfields) within developed areas, particularly in the central city.
- Coordinate future land uses and development types and intensity with the Complete Streets policy, Master Thoroughfare Plan, Active Transportation Plan, and Transit-Oriented Development (TOD) Plans.
- Accommodate higher density residential and mixed uses in transit-oriented developments, urban villages, and designated mixed-use growth centers.

Based on a lack of conformance with the future land use map and the policies stated above, the proposed zoning **is not consistent** with the Comprehensive Plan. (Significant Deviation)

**Economic Development Plan**

The 2021 Economic Development Strategic Plan identified four different results to facilitate the success and growth of Fort Worth:

1. High-wage job growth.
2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
3. An economy that capitalizes on high-growth businesses and the creative individuals who fuel them, targeting specific industry classifications.
4. A commitment to “quality of place” throughout the community, including rising home values, new business startups, reduction of blighted areas, and the emergence of walkable corridors with a mixture of residential and commercial developments and related amenities.

This zoning request does not assist in high-wage job growth, is not a targeted high-growth industry, and does not contribute to the quality of place.

**Site Plan Comments**

**Zoning and Land Use**

The site plan as submitted is not in general compliance with the Zoning Ordinance regulations.

1. Label the materials of the pay kiosk canopy and the tunnel doors.
2. Update the label for the “Architectural wall panel with rainscreen” to more common language like cement fiberboard, galvanized metal, stucco, etc.
3. Include the phone number for all the design professionals.
4. Add the project name to the lower right corner of the site plan.
5. Please revise the signature line to “Director of Development Services” above the project title.
6. Please revise the land use to “automated service car wash” in the proposed use row in the data table.
7. Landscaping and proposed sidewalk symbology are not shown in the Pavement Legend. Please copy these patterns from the site plan.

8. Please review the current land uses on the adjacent lots and update the land uses’ labels.

9. **Development waivers are being requested to:** place the southeastern vacuum canopies less than 25 feet from the southern property line and the northeastern canopy labeled 26-30 less than 25 feet from the eastern property line. Drying and vacuuming structures are required to be at least 25 feet from residential districts.

10. **Development waivers are being requested to:** not place the fence in the drainage easement or northward to the most northerly corner, and to place the fence along the vacuum canopy instead of the property line. The screening fence is required to be along the property line from the back edge of the projected front yard on the southern property line to the most northerly east corner.

11. **Development waivers are being requested to:** place vacuum canopies, menu boards, and pay kiosks in the front yard. Accessory uses are required to be behind the building’s front wall.

12. The site is more than 25% over-parked with 34 spaces versus the required 25 spaces. This figure does not include the 24 queueing spaces. Additional trees will be required to be planted on-site.

*(Comments made by Platting (Subdivision Ordinance), Transportation/Public Works, Fire, Park & Recreation, and Water Department staff cannot be waived through the Zoning Commission and City Council. Approval of the zoning site plan does not constitute the acceptance of conditions.)*

Project Description and Background

The property is currently zoned “PD 911” Planned Development for “E” Neighborhood Commercial uses plus one-family residential to allow products consistent with a farmer’s market to be conducted by the resident only on tables in certain locations. The applicant is intending to demolish the existing residential structure and construct two new buildings, a daycare building and an office building.

The existing zoning for this property is PD with a Neighborhood Commercial (E) base zoning. The proposed zoning would be a straight Neighborhood Commercial (E) consistent with the future land use plan. The current use of the property is residential, but it is located on Bonds Ranch Road between an animal clinic and a church. The only directly adjacent residential use is at the rear of the property.

The concept for the property is to develop two (2) professional buildings; the current expectation being one office building and one daycare building.

*This Neighborhood Association is located closest to the subject property*
The applicant is proposing to change the zoning of this property from “PD 911” Planned Development with “E” Neighborhood Commercial to “E” Neighborhood Commercial to construct two professional buildings. Although the surrounding properties to the east is zoned “A-5” One-Family it is developed with a church the property to the west is zoned “PD 911” and it is developed with an animal medical center. The surrounding areas to the north and south are zoned “A-5” One Family and they are developed with single-family residences.

The zoning ordinance includes specific protections for residential properties adjacent to commercial development, including increased setbacks, screening, and landscaping requirements.

The proposed zoning is compatible with surrounding land uses.

Comprehensive Plan Consistency – Far Northwest Sector

The 2022 Comprehensive Plan currently designates the subject property as Neighborhood Commercial on the Future Land Use Map.

The proposed zoning is consistent with the land use designations for this area, and aligns with the following policies of the Comprehensive Plan:

- Promote fiscally sustainable growth on the periphery of the city by encouraging development adjacent to existing adequate infrastructure and discouraging leapfrog development.

Based on conformance with the policies stated above, the proposed zoning is consistent with the Comprehensive Plan.

Economic Development Plan

The Far Northwest sector of the City is not directly addressed in the 2018 Economic Development Strategic Plan, which focuses on development strategies for established interior neighborhoods rather than the periphery of the City, however one of the desired outcomes of the plan is a more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.

The applicant is proposing to zone the subject site on McCart Avenue from “E” Neighborhood Commercial to “F” General Commercial. There is a neighborhood shopping center on this parcel, which is just over 8 acres in total. An excerpt provided by the applicant as part of their submittal package is included below for additional context:

“The current use of the property is a shopping center which is currently zoned E Neighborhood Commercial. The continued use of the property will be a shopping center. The area had been zoned I- Industrial and includes ‘grandfathered’ uses of mini storage, car wash and funeral home. The Future Land Use for this property is General Commercial. Rezoning will allow us to upgrade the center and draw more national retail credit leases; thereby expanding the uses and making it truly a shopping center for the area.”

*Located closest to this registered Neighborhood Association*
Land Use Compatibility

The site is in the midst of “E” Neighborhood Commercial zoning on three sides, with an Interstate highway directly to the south (I-20/820). There are no portions of this rezoning request that abut anything other than commercial zoning.

In the instance that the Zoning Commission and/or City Council are not comfortable in rezoning to “F” General Commercial, we would recommend that the current request from “E” to “F” be withdrawn or denied, which would leave the existing “E” zoning in place. An alternate option could then be considered as a separate application if the neighborhood or elected/appointed officials are not satisfied with an “F” zoning on this property.

The proposed zoning is compatible with surrounding land uses.

Comprehensive Plan Consistency – TCU / Westcliff

The 2022 Comprehensive Plan currently designates the subject site as future General Commercial. Properties on all four adjacent sides are all marked as future General Commercial. All commercial zoning, as well as mixed-use zoning are considered to be acceptable zoning classifications within future General Commercial areas.

The proposed rezoning is consistent with the Comprehensive Plan.

Economic Development Plan

The site is not directly addressed in the 2017 Economic Development Strategic Plan, however one of the desired outcomes of the plan is a more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.

Approval of this rezoning request has the potential to fund improvements to the shopping center that might not otherwise be available. If the rezoning is approved as presented, the applicant would have the resources to renovate the storefronts and resurface the parking lot. These enhancements would add aesthetic value to the neighborhood and provide a more pleasant shopping experience. In addition, the rezoning would open up this existing commercial area to a wider variety of tenants, making the shopping center as a whole more viable.

The subject property is located along Enon Road just west of Anglin Avenue in south Fort Worth. The 77-acre site is currently vacant and the applicant is requesting to rezone this property from “AG” Agricultural to “MH” Manufactured Housing. Surrounding properties are primarily vacant and rural residential. The proposed rezoning would be Phase 2 to the MH development (approved 2020) northwest of the site.

**Surrounding Zoning and Land Uses**

- North  “MH” Manufactured Housing / vacant
- East    “AG” Agricultural / vacant, industrial, residential
- South  ETJ / single-family, church
- West   Everman; “MH” Manufactured Housing / vacant, single-family

**Recent Zoning History**

- ZC-20-076: Rezoned 89.24 acres of land west of the subject property from “PD/AR” to “MH” Manufactured Housing and “E” Neighborhood Commercial.

**Public Notification**

300-foot Legal Notifications were mailed on July 1, 2022. The following organizations were notified: (emailed June 24, 2022)

<table>

<td>Trinity Habitat for Humanity</td>
</tr>
<tr>
<td>Everman ISD</td>
</tr>
</tbody>
</table>

**Land Use Compatibility**

The applicant is requesting to rezone this property from “AG” Agricultural to “MH” Manufactured Housing. Surrounding land uses vary with predominantly rural single-family and vacant land. The proposed use is somewhat compatible with surrounding land uses. However, roughly 89 acres of Manufactured Housing was approved northwest of the site a couple of years ago. Adding 77 acres of newly zoned MH zoning would over saturate the area with this use.

As a result, staff believes that the proposed new “MH” Manufactured Housing is **not compatible** with surrounding land uses.
The adopted Comprehensive Plan currently designates the subject property as “single-family” on the Future Land Use Map. The proposed zoning does not align with the following policies in the Comprehensive Plan:

- Promote measures to ensure that all types of residential developments are compatible in scale to abutting residential developments. A dramatic difference in lot size and units per acre should be discouraged for new development immediately adjacent to existing development or platted and zoned property, unless mitigation is provided to minimize the effects of the new use.
- Encourage infill development of compatible, single-family homes in existing neighborhoods to preserve and protect residential neighborhoods.

As a result, the proposed zoning is not consistent (significant deviation) with the Comprehensive Plan.

Economic Development Plan

The adopted Economic Development Strategic Plan identified a vision, goals, and strategies to facilitate the success and growth of the City of Fort Worth. The site is not within any of the six target areas that were studied in depth for their redevelopment potential.

Project Description and Background

The subject property is located at the northeast corner of Wayside Avenue and W. Gambrell Street, adjacent to a BNSF Railroad line, and is currently two vacant residential parcels. Single family homes were noted on the lots in the 1981 historical aerials, but were demolished by 1990. No issued building permits were found since 2001, reflecting a lack of development interest in the site.

The present owner is listed as the intended developer of the property on the application. The proposal to rezone this lot would change the current “A-5” zoning allowing one (1) single family dwelling unit to “B” zoning allowing one (1) duplex unit containing two (2) dwelling units. The lot are approximately 5,800 square feet and 6,800 square feet, and can be developed with two (2) attached units. Neither site is large enough to build two (2) detached units. Other “B” standards are 50% maximum building coverage on the lots, approximately 30-foot front yard setback matching setbacks north of the site, 35-foot maximum height, and 2 parking stalls per dwelling unit behind the front building line.

Surrounding Zoning and Land Uses

North  “C” Medium Density Multifamily / 6 unit complex built in 1951
East  “A-5” One-Family / vacant land and railroad line
South  “A-5” One-Family / single-family residences
West  “A-5” One-Family / single-family residences

Recent Zoning History

- ZC-17-197, subject site and surrounding area, Council-initiated from various districts to A-7.5, A-5, CF, ER, E, approved 12/6/2017.

* Located within this registered Neighborhood Association
Land Use Compatibility

The applicant is requesting to change the zoning of this property from “A-5” One-Family District to “B” Two-Family, which would allow two (2) attached duplexes, based on the lots’ dimensions. Although most homes in this area are single family residential, the property is directly adjacent to an older small apartment complex with recently approved zoning to the north. To the east, west, and south are road or railroad rights-of-way that separate the subject site from the neighboring single family properties. Additionally, two (2) transit lines run within a block or two of this site (Trinity Metro bus routes 6 & 29), which supports slightly more intensive development than the current “A-5” One-Family zoning.

Based on proximity to transit, no direct adjacency to neighboring single family uses, and the ability of the duplexes to transition between the existing 6-unit apartment and other residential uses, the proposed zoning is compatible with surrounding land uses.

Comprehensive Plan Consistency – TCU/Westcliff

The 2022 Comprehensive Plan currently designates the subject property as Single-Family Residential. This classification is comparable to “A-10”, “A-7.5”, “A-5”, or “AR” zoning. “B” Two-Family zoning for duplexes would be classified as Low Density Residential on the Future Land Use Plan. The difference between Single Family Residential and Low Density Residential is minimal in this location as both have a residential character. Two duplexes would be slightly more intense than two single family residences, but both would be less intensive uses than the adjacent multifamily zoning.

The proposed zoning is not strictly consistent with the land use designation for this area, however the proposed zoning would be in alignment with the following policies of the Comprehensive Plan:

- Encourage Urban Residential and Low Density Residential as transitional uses between Single-Family Residential and high density uses.
- Promote appropriate infill development of vacant lots within developed areas, which will efficiently utilize existing infrastructure, particularly in the central city.
- Encourage locating multiple-unit residential structures on corner lots.
- Support diverse housing options, including duplexes, fourplexes, townhomes, and small courtyard apartments to promote walkable communities, access to neighborhood services, and multimodal transportation options, while ensuring compatibility with the form, sale, and design of existing neighborhoods.

While the proposed use is in conformance with the policies stated above, the proposed zoning is not consistent with the Comprehensive Plan Future Land Use designation. If this zoning change request is approved, staff recommends that the Future Land Use Map also be updated to reflect this change.

Land Use Compatibility

The applicant is proposing to change the zoning of this property from “AG” Agricultural District to “PD/G” Planned Development for all uses in “G” Intensive Commercial, plus miniwarehouse. Surrounding land uses consist of single-family to the north and west with vacant land south and east. The overall vacant tract contains both “G” and “E” zoning near the I-30 West service road, which is appropriate. However, due to the proximity to residential, a neighborhood commercial or some other lesser land use would be the highest and best use on the subject property.

As a result, the proposed zoning is not compatible with surrounding land uses.

Comprehensive Plan Consistency – Far West

The adopted Comprehensive Plan currently designates the subject property as “General Commercial” on the Future Land Use Map. The proposed zoning does not align with the following policy in the Comprehensive Plan:

- Encourage infill development of compatible, single-family homes in existing neighborhoods to preserve and protect residential neighborhoods.

The proposed zoning is not consistent with the Comprehensive Plan

Economic Development Plan

The adopted Economic Development Strategic Plan identified four different a vision, goals, and strategies to facilitate the success and growth of the City of Fort Worth. The below recommendations apply to this project:

PERFORMANCE METRICS

2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.

Site Plan Comments

The site plan as submitted is in general compliance with the Zoning Ordinance regulations.

(Comments made by Platting (Subdivision Ordinance), Transportation/Public Works, Fire, Park & Recreation, and Water Department staff cannot be waived through the Zoning Commission and City Council. Approval of the zoning site plan does not constitute the acceptance of conditions.)

6. Zoning Map with 300 ft. Notification Area
7. Area Map
8. Future Land Use Map
9. Aerial Photograph
The subject site is located near the intersection of Sendera Ranch Boulevard and Avondale Haslet Road in Council District 7. The applicant is requesting to change to zoning of this property from “E” Neighborhood Commercial, “PD-562” Planned Development/Specific Use for satellite reception farm-Site Plan Required, and “PD-632” Planned Development/Specific Use, for all uses in "E" Neighborhood Commercial; plus Mini Warehouse with On-Site Residence, with development standards-Site Plan Required to “D” High Density Multifamily. If “D” zoning is approved, this would allow densities up to 32 dwelling units per acre, or up to 441 units on site. No Site Plan was provided with the application documents, although for standard “D” zoning, a bona fide Site Plan is not required.

In addition to density caps, any proposed development will need to meet all other “D” development standards, including minimum 35% open space, 20 foot street side setbacks, 5 foot side and rear setbacks, 48 foot maximum height, one parking space per bedroom plus one space per 250 square foot of common area, and a minimum of 20 points from the enhanced landscape table. Buildings must be oriented with the long side facing the street, parking towards the interior of the site, and no driveways, fences, or parking between the building façade and any street frontage.

The applicant met with various City departments on February 17th in a Pre-Development Conference. At that meeting, Zoning staff notified the applicant that the rezoning process is discretionary and that approval is not guaranteed. Zoning staff also “strongly recommended that [the applicant] reach out to the Council Member and any nearby neighborhood organizations in advance of submitting a zoning change application to get feedback on your project.” Contact info for the Councilmember and Neighborhood Database were also provided at that time. An additional communication with the applicant on April 12th reiterated the need for early engagement and outreach to the community to build support for any proposed rezoning. As of the writing of this report, the applicant has only indicated meetings with the Sendera Ranch HOA on two occasions in mid-June, which appears to be a significant gap of approximately four months.

Development Impact Analysis

Land Use Compatibility

The area included in the rezoning request is currently undeveloped, with the exception of a gas well pad. The areas directly adjacent to the subject site to the north and west are generally developed as single family residential neighborhoods. To the south is a mix of single-family residential and undeveloped land. To the east, across Sendera Ranch Blvd. is undeveloped with some gas well infrastructure. The closest major intersection is Sendera Ranch Blvd. and Avondale Haslet Rd. There are no multifamily-type developments in the near vicinity of this intersection, with the closest being over a mile away at Avondale Farms Drive. The area is mostly suburban in character, and there are no major transit lines close to the site which would support higher densities of housing. The site is not situated on a major corridor, the closest major roadway (Hwy. 287) is between two and three miles away. The proposed rezoning is not compatible with surrounding land uses.

Comprehensive Plan Consistency – Far North

The adopted 2022 Comprehensive Plan designates the subject property as future Infrastructure and Neighborhood Commercial. Per the most recent guidance on interpretation of the future land use designations (effective May 26th) multifamily is not considered an encouraged land use within future commercial designated areas. The intention is to preserve future commercial areas where possible. Additionally, the Comprehensive Plan calls for a policy of “Locat[ing] elementary schools, parks, and neighborhood commercial uses within walking distance of most homes to maximize walkable, bikeable, and transit connectivity with all surrounding residential areas.” Removing commercial zoning near existing neighborhoods will push commercial development further afield, exacerbating congestion and sprawl.

Since this application was filed on June 6th, after the effective date of May 26th, this proposed rezoning is not consistent with the Comprehensive Plan.

Economic Development Plan

The 2017 Economic Development Strategic Plan calls for the City to pursue a mixed tax base, tilted towards non-residential enterprises to provide a balanced budget:

"A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment."

*This Neighborhood Association is located closest to the subject property

**Development Impact Analysis**

**Land Use Compatibility**

The applicant is requesting to change the zoning of this property from “I” Light Industrial to "PD/D" Planned Development for all uses in "D" High Density Multifamily with specific development regulations. Surrounding uses vary with single-family to the north, miniwarehouse to the east, vacant land south (new detached multifamily recently zoned), and Chisholm Trail Parkway to the west.

The property contains a drainage easement to the north, which buffers the single-family from the current allowed uses. The subject site is squeezed in-between railroad ROW and toll road, which might encumber a multifamily use. The existing commercial/industrial zoning is appropriate being that the site is located near a major hospital and employment center to the west. Office and or medical would benefit from the proximity of the existing arterial and freeway entrance. The proposed zoning is **not compatible** with surrounding land uses.
The 2022 Comprehensive Plan currently designates the subject property as “General Commercial” on the future land use map. The requested zoning change is not consistent with the following Comprehensive Plan policy:

- Separate incompatible land uses with buffers or transitional uses. Some land uses have attributes such as height, proportion, scale, operational characteristics, traffic generated, or appearance that may not be compatible with the attributes of other uses.

Multifamily has been removed as an encouraged land use in commercial districts in accordance with current Zoning policies. Based on the lack of conformance with the future land use map and policy stated above the proposed zoning is not consistent (Significant Deviation) with the Comprehensive Plan.

Site Plan Comments

**Zoning and Land Use**
- Provide fencing type
- No parking or driveways shall be provided between a building and a public or private street. Parking shall be provided per § 6.201. Frontage on a controlled access highway shall not be considered a street for purposes of this section. (Waiver Requested)
- Open Space (Waiver Requested)
- Units per acre (Waiver Requested)

**Fire Department**
- Vehicle gates required to be a minimum of 20' wide when fully opened and equipped with Knox Locks. Access Control Permits required for electric gates.
  IFC 2021/CFW Adopted Amendments Ordinance #25388-03-2022 Section 503.6 Access
- Fire lanes are required to be a minimum of 26' and provide hose lay within 150' to all exterior walls, measured in a 5' wide unobstructed path. That distance MAY be increased to 300' if the buildings are equipped with fire sprinkler systems.
  IFC 2021/CFW Adopted Amendments Ordinance #25388-03-2022 Section 503.1.1 Buildings and Facilities
- Additional hydrants will be required to meet the following:
  o ? 600 ft. (300 ft. radius) of space between hydrants along a direct horizontal line.
  o ? 500 ft. hose lay distance to all points of building.
- FDC’s for sprinkler and standpipe systems shall be located within 50 ft. of a dedicated street or fire apparatus access road and shall be within 150 ft. hose lay distance of the nearest fire hydrant. Each building shall be equipped with its own FDC, unless otherwise approved by the fire code official.
  IFC 2021/CFW Adopted Amendments Ordinance #25388-03-2022 Section 507 Hydrants
- Named and platted Emergency Access Easements may be required for addressing.

   c. Economic Development Plan
The subject site is located on the east side of the West Fork Trinity River, south of 4th Street. South Sylvania Avenue runs along the eastern side of the site. The site is bordered to the north by railroad tracks. The applicant is requesting to rezone two tracts bisected by Lasalle Street from “ER” Neighborhood Commercial Restricted and “I” Light Industrial to “R2” Townhome/Cluster zoning; the proposed use is townhomes.

The applicant provided the following narrative in their rezoning application.

The model for this townhouse development is the Riverwalk Residences currently under development to the north. This quality urban residential development will be a continuation of the design concept being a transition from the Trinity River open space to the established Riverside neighborhood to the east. The townhouses will be rear entry, for sale/homeowner units fronting on Sylvania and the Trinity Trail open space (great views of downtown looking across the river). The La Salle public street right-of-way will be enhanced with a trail connection/extension from the TRWD river property to Sylvania. The current plan is to utilize the existing “Sylvania Court” (parallel to the Sylvania retaining wall) for access to the new alley access. Access to and from the site will be located at the two existing median openings on Sylvania.

The northern portion of the property is currently zoned "E" Neighborhood Commercial, but is not suitable for commercial development due to the grade difference between the property and the Sylvania "frontage" with the existing TRE railroad underpass and the large retaining wall along the "frontage". The existing automobile repair and sales in the southern portion of the property which is zoned "I" Light Industrial is not compatible with the established single family residential Riverside neighborhood to the east. Redevelopment within the Riverside neighborhood is beginning to occur with new residential homes being constructed on vacant or under developed properties. The construction of new single family attached townhome units on the properties between Sylvania and the Trinity Trails will be an appropriate and complimentary transitional use along the river, but separated from the single family residential by the Sylvania thoroughfare.

The land values along the river with close proximity to downtown Fort Worth, both visually and by distance, encourage the redevelopment of this transitional strip to a higher quality residential housing choice for attached home ownership.

Surrounding Zoning and Land Uses

North “I” Light Industrial / Railroad
East “A-5” One-Family / Residential and Vacant
South “I” Light Industrial / Industrial (automotive uses)
West “O-1” Floodplain / Trinity River

Recent Zoning History

- ZC-19-057, City-initiated rezoning case protects much of the property zoned two-family but constructed as single family homes, addresses potential growth along the river, and reduces the intensity of the industrial zoning districts while retaining districts that allow and support the existing industrial uses. Approved 8-0 on June 4, 2019.

Land Use Compatibility

The site is bordered by the Trinity River to the west and the railroad to the North. The surrounding land uses consist of various industrial uses, as well as residential homes and undeveloped lots in the neighborhood to the east. The proposed zoning for townhome use is **not compatible** with surrounding land uses.

Comprehensive Plan Consistency – Northeast

The 2022 Comprehensive Plan currently designates the subject property as General Commercial on the Future Land Use Map.

Below is a portion of a table from the Comprehensive Plan in “Ch. 4 Land Use” categorizing land use and zoning conformance.

<table>
<thead>
<tr>

<tr>
<td>Mixed-Use/Mixed-Use Growth Center</td>
</tr>
</tbody>
</table>

*Multifamily has been removed as an encouraged land use and applicable zoning districts in accordance with current Zoning policies.

The proposed zoning is **not consistent** with the land use designations for this area.
The 2018 Economic Development Strategic Plan identified four different results to facilitate the success and growth of Fort Worth:

1. High-wage job growth.
2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
3. An economy that capitalizes on high-growth businesses and the creative individuals who fuel them, targeting specific industry classifications.
4. A commitment to “quality of place” throughout the community, including rising home values, new business startups, reduction of blighted areas, and the emergence of walkable corridors with a mixture of residential and commercial developments and related amenities.

The applicant is proposing to build a small multitenant retail building adjacent to an existing church. The general area over the last 20 years has converted from agricultural land with a high school and limited residential development to primarily single family residential with a retail node ¾ mile to the east and the high school. While the Comprehensive Plan encourages additional housing types, the site’s location along a neighborhood connector street at the entrance to three neighborhoods is not conducive to a high quality of life in the current multifamily zoning district.

The 5-acre directly to the west is designated for neighborhood commercial uses, even though it retains the original single family zoning. The requested “E” Neighborhood Commercial zoning does not obligate the applicant to develop the property as proposed, but could be built for any uses allowed by right, including 24-hour restaurants or retail. The anticipated building size of approximately 14,000 square feet plus a restaurant use are first allowed by right in the “E” Neighborhood Commercial district.

### Development Impact Analysis
Land Use Compatibility

The zoning is currently "C" Medium Density Multifamily, and the applicant would like to build a multi-tenant retail building. Surrounding uses consist of vacant land to the north, a religious facility to the east, with vacant land just west and south of Bailey Boswell Road. As the site will be separated from any single family dwelling by roadways or less intensive land uses, the proposed zoning change is compatible with surrounding land uses.

Comprehensive Plan Consistency – Far Northwest

The 2022 Comprehensive Plan currently designates the subject property as institutional due to the current religious facility’s ownership. The proposed zoning as a minor boundary adjustment would be consistent with the land use designations for this area, and aligns with the following policies of the Comprehensive Plan:

- Coordinate future land uses and development types and intensity with the Complete Streets policy, Master Thoroughfare Plan, Active Transportation Plan, and Transit-Oriented Development (TOD) Plans.
- Promote appropriate infill development of vacant lots, old commercial centers (greyfields), and contaminated sites (brownfields) within developed areas, particularly in the central city.
- Separate incompatible land uses with buffers or transitional uses. Some land uses have attributes such as height, proportion, scale, operational characteristics, traffic generated, or appearance that may not be compatible with the attributes of other uses.
- Encourage new development in character with the existing neighborhood scale, architecture, and platting pattern, while working to improve pedestrian, bicycle, and transit access between adjacent neighborhoods and nearby destinations.

While the proposed use is in conformance with the policies stated above, the proposed zoning is not consistent with the Comprehensive Plan Future Land Use designation. If this zoning change request is approved, staff recommends that the Future Land Use Map also be updated to reflect this change.

Economic Development Plan

The 2021 Economic Development Strategic Plan identified four different results to facilitate the success and growth of Fort Worth:

1. High-wage job growth.
2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
3. An economy that capitalizes on high-growth businesses and the creative individuals who fuel them, targeting specific industry classifications.
4. A commitment to “quality of place” throughout the community, including rising home values, new business startups, reduction of blighted areas, and the emergence of walkable corridors with a mixture of residential and commercial developments and related amenities.

While this zoning request may not assist in high-wage job growth and is not a targeted high-growth industry, the commercial development as proposed would help balance the residential valuations of the area and contribute to the quality of place.

This applicant was previously at the May 11, 2022 Zoning Commission for case ZC-22-064 for the lot adjacent to the south, 113 Roberts Cut Off. That request was to rezone from “I” Light Industrial to “MU-2” High Intensity Mixed-Use for a proposed distillery with tasting room and patio. The form-based code district use table shows “MU-2” High Intensity Mixed-Use zoning allows for “brewery, distillery, or winery” use. However, there was a significant amount of neighborhood opposition to the request, as the neighbors did not support the Mixed-Use zoning classification because it could allow residential use; the residents who spoke felt their neighborhood has been overrun by large apartment complexes and did not want any possibility of additional multifamily units. Many of those voicing opposition stated they were in support of the distillery use at that location, but opposed the proposed “MU-2” High Intensity Mixed-Use zoning. During the Zoning Commission, it was recommended the applicant revise the application to request a “CUP” Conditional Use Permit. The applicant requested a 30 day continuance to allow time for more discussions with the neighborhood.

Before the case returned to the June Zoning Commission, the applicant withdrew the case. The applicant is now in the process of acquiring the subject lot, 117 Roberts Cut Off Road, directly north of the previous case’s lot. Therefore, the applicant is instead keeping 113 Roberts Cut Off zoned “I” Light Industrial and is now requesting the Planned Development for the northern 117 Roberts Cut Off Road lot. The applicant did not wish to pursue the “CUP” Conditional Use Permit, since it is conditional and can be revoked or have a time limit placed; the applicant, instead, revised the application to make the request eligible for a “PD” Planned Development.

The site currently has multiple industrial/warehouse buildings on it. The applicant plans to remove one of those buildings and renovate the others for the distillery equipment, barrel storage, and office use; see site plan for proposed layout.
North  “I” Light Industrial / undeveloped, commercial, and residential  
East  “D” High Density Multifamily / apartments  
        “I” Light Industrial / parking lot for industrial facility  
South  “I” Light Industrial / unoccupied residential (proposed tasting room and patio for the distillery)  
West  PD724 / apartments under construction

**Recent Zoning History**

- ZC-22-064 from “I” Light Industrial to “MU-2” High Intensity Mixed-Use; lot south-adjacent of subject lot; withdrawn by applicant and replaced by current case  
- ZC-18-202 amending development standards of PD724 and waiving site plan; effective March 14, 2019; west-adjacent to subject lot  
- ZC-18-037 from E, MU-1, and I to MU-1; effective April 15, 2018; east of subject lot  
- ZC-18-199 from B and FR to MU-1; effective March 14, 2019; southeast of subject lot  
- ZC-18-059 from A-5 to MU-1; effective May 19, 2018; south of subject lot  
- ZC-17-041 from A-5 and I to MU-1; effective June 29, 2017; southwest of subject lot

Land Use Compatibility

The River District has been redeveloping in recent years. The surrounding lots around this site are multifamily, single family residential, commercial, industrial, and undeveloped. The proposed zoning and land use are **compatible** with surrounding land uses.

Comprehensive Plan Consistency – Northside

The 2022 Comprehensive Plan currently designates the subject property as Mixed-Use on the Future Land Use Map.

Below is a portion of a table from the Comprehensive Plan in “Ch. 4 Land Use” categorizing land use and zoning conformance.

<table>
<thead>
<tr>
<th>FUTURE LAND USE</th>
<th>DEFINITION</th>
<th>ZONING</th>
</tr>
</thead>
<tbody>
<tr>
<td>Neighborhood Commercial*</td>
<td>Retail, services, offices and mixed uses serving daily needs for a local market area</td>
<td>ER, E, MU-1</td>
</tr>
<tr>
<td>General Commercial*</td>
<td>Retail, services, offices and mixed uses serving occasional needs for a larger market area</td>
<td>All Commercial, MU-1, MU-2</td>
</tr>
<tr>
<td>Mixed-Use/ Mixed-Use Growth Center</td>
<td>Retail, services, offices, entertainment, mixed uses, and multifamily residential; Community Growth Centers are less intensive, and Regional Growth Centers are more intensive</td>
<td>AR, B, R1, R2, CR, C, D, UR, All Commercial, MU-1, MU-2, Form-Based Codes</td>
</tr>
</tbody>
</table>

*Multifamily has been removed as an encouraged land use and applicable zoning districts in accordance with current Zoning policies.

The applicant previously attempted to rezone the lot to the south to be “MU-2” High Intensity Mixed-Use, so as to align with the Future Land Use; the neighborhood was very opposed to the possibility of residential multifamily use.

The proposed “PD/I” Planned Development with a base of “I” Light Industrial zoning is **not consistent** with the land use designations for this area; However, it does align with the following policies of the Comprehensive Plan:

- Promote appropriate infill of old commercial centers (greyfields), and contaminated sites (brownfields) within developed areas, particularly in the central city.
- Encourage renovation and reuse of existing commercial structures throughout commercial districts, where feasible.
The 2018 Economic Development Strategic Plan identified four different results to facilitate the success and growth of Fort Worth:

1. High-wage job growth.
2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
3. An economy that capitalizes on high-growth businesses and the creative individuals who fuel them, targeting specific industry classifications.
4. A commitment to “quality of place” throughout the community, including rising home values, new business startups, reduction of blighted areas, and the emergence of walkable corridors with a mixture of residential and commercial developments and related amenities.

Site Plan Comments

Zoning

- FYI: The site is not platted; the proposed new structures (trellis, boiler room addition, new fence, new porch, dumpster enclosure) will not be permitted without platting the property or receiving a platting waiver. Please reach out to Platting Staff by emailing PlatBox2@fortworthtexas.gov.
- Apply for an Urban Forestry permit, if required, before any paving work is done or building permits are needed.
- Parking Calculations are as follows:
  - Industrial: 2 per 1,000 square feet = 11 spaces
  - Warehouse: 4 for everyone 1 employee with minimum 4 spaces = 4
  - Office: \( \frac{3937}{1000} \times 2.5 = 10 \)
  - Total Needed = 25 required spaces
  - Total Provided on Site Plan = 28 spaces
- 5.302(b)(3) Refuse dumpsters and recycling collection containers shall be installed on concrete pads and be screened on all sides from view of a public street or residential area.
- Site Plan does not comply with the following section of the Zoning Ordinance: 5.302(b)(1) All non-habitable accessory uses must be located behind the front wall of the primary structure that is furthest from the street.
  - A development standard is being sought to allow the dumpster enclosure to be located in front of the front wall of the primary structure, between the building and the Right-of-Way. Refer to site plan for proposed location.
  - After discussing other possible locations and their respective limitations, staff is supportive of this development standard request.
  - The applicant provided the following narrative explaining the request for the development standard: The buildings shown are existing, and access between them is planned to be gated and would not allow for turn around space of the truck. As such, locating the enclosure behind the front elevation of any building is not feasible. The initial locations explored (near SE corner of Bldg 2 or NE corner of Bldg 3) presented issues due to the proposed uses. This property will support a tasting room / tavern with outdoor patios located on the property to the south (113 Roberts Cutoff) and locating the enclosure anywhere along the south property line will put it in close proximity to the patron seating at 113 Roberts Cutoff. Locating the dumpster along the north property line near building 3 had a similar effect on the pedestrian entries to the office spaces located in Bldg 3. Any further east along the north property line would result in a reduction of...
parking spaces. The proposed location will be built of masonry that matches or compliments the existing brick on the house (tasting room / tavern) located on 113 Roberts Cutoff, the gate will be steel frame with architectural wood infill, and the landscape around the enclosure will be lush plantings with height.

**Park and Recreation Department**
- No residential component, Park Dedication Policy will not apply.

**TPW Engineering**
- No comment

**TPW Storm Water**
- No comment

*(Comments made by Platting (Subdivision Ordinance), Transportation/Public Works, Fire, Park & Recreation, and Water Department staff cannot be waived through the Zoning Commission and City Council. Approval of the zoning site plan does not constitute the acceptance of conditions.)*

This site is located in District 3, west of Loop 820 N and south of Lake Worth near Brewer High School along Silver Creek Road. The applicant is requesting to rezone the 257-acre site from “AG” Agricultural to “A-5” One-Family (18 acres), “A-10” One-Family (66 acres), and “I” Light Industrial (173 acres). The intention is to build a warehouse on the proposed “I” portion in an initial phase, and to zone the remainder as “A-5” and “A-10”, to be developed as single-family residential areas during a later phase.

The proposed site is part of the Lake Worth Vision Plan, which developed four principles:

1. Protect and enhance Lake Worth’s water quality, natural beauty, and recreational character.
2. Develop Model Sustainable Communities
3. Create Lake Worth Regional Park
4. Connect communities with amenities, parkway, greenways, and trails.

The proposed development is located within Southwest Development Sector of the plan, which calls for residential uses at the current location with a range of uses the closer to W Loop 820 N. The link below can be accessed for additional information.

Parts 1_4 and Appendix_Lake Worth Draft MAY 2011 BP.pub (fortworthtexas.gov)

The developer has worked with Councilman Firestone and the surrounding neighborhoods, including Tejas Trail Neighborhood Association. According to the applicant, they have incorporated feedback from these parties into their development proposal.

Surrounding Zoning and Land Uses

North “A-21” One Family / single-family residential

Development Impact Analysis

Land Use Compatibility

The applicant is requesting to rezone from “AG” Agricultural to “I” Light Industrial and “A-5” & “A-10” One-Family. Silver Creek Road functions as the main access point for the development and has direct access to West Loop 820 N. Surrounding land uses are primarily undeveloped and single-family residential. Several sites in close proximity have been rezoned to “I” Light Industrial throughout this year.

The general layout of this site is compatible with surrounding land uses, with industrial zoning closer to Loop 820, with the remainder as single-family which will act as a buffer between the existing neighborhoods to the west. A power line serves as a buffer for properties to the south. Screening and buffer yard requirements will further insulate the site where the industrial section directly abuts one- or two-family zoning designations. These are indicated with superimposed black lines on the drawing.

### FUTURE LAND USE DEFINITION ZONING

<table>
<thead>
<tr>
<th>COMMERCIAL</th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Neighborhood Commercial*</td>
<td>Retail, services, offices and mixed uses serving daily needs for</td>
<td>ER, E, MU-1</td>
</tr>
<tr>
<td>General Commercial*</td>
<td>a local market area</td>
<td>All Commercial, MU-1, MU-2</td>
</tr>
<tr>
<td>Mixed-Use/Mixed-Use Growth Center</td>
<td>Retail, services, offices, entertainment, mixed uses, and</td>
<td>AR, B, R1, R2, CR, C, D, UR, All Commercial, MU-1, MU-2, Form-Based Codes</td>
</tr>
<tr>
<td></td>
<td>multifamily residential; Community Growth Centers are less</td>
<td></td>
</tr>

<td></td>
</tr>
<tr>
<td>RESIDENTIAL</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Suburban Residential</td>
<td>1/2+ acre single-family</td>
<td>A-21</td>
</tr>
</tbody>
</table>

While the application makes a claim that “The request is consistent with these uses”, that statement is not fully true. The “A-5” portion is the only part of the request that is consistent with the Comprehensive Plan. The suburban residential portion would require “A-21” zoning with half acre plus lots, while the mixed-use portion calls for any zoning classification other than single family residential or industrial zoning.

The proposed “A-5” zoning is consistent with the Comprehensive Plan.
The proposed “A-10” zoning is not consistent with the Comprehensive Plan.
The proposed “I” zoning is not consistent with the Comprehensive Plan.

Only about 7% of the site (18 of 257 acres) is considered consistent with the City’s FLU designation, with the remaining 93% (239 of 257 acres) of the site being not consistent with the City’s FLU designation. If the rezoning request is approved, staff recommends that the Future Land Use Map also be updated to reflect the changes.

### Economic Development Plan

The 2017 Economic Development Strategic Plan identified a vision, goals, and strategies to facilitate the success and growth of the City of Fort Worth. The site is not within any of the six target areas that were studied in depth for their redevelopment potential.

One of the specific outcomes stated within the Economic Development Plan is “A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment”. The conversion of this property to an industrial zoned one allows for the continued diversification of the tax base and provides industrial development near Loop 820.

The request is being made to rezone the Site from CR, E, A5, PD and E to a Planned Development. The Planned Development is approximately 361 acres of land located east of Interstate 35W (at the Hwy 287 split), north of Basswood Boulevard, south of Thompson Road and west of Riverside Drive. The Site is composed of four parcels of land separated by land owned by Brazos Electric Power Coop and ONCOR ENERGY.

The zoning request is for a Planned Development (PD) containing seven tracts. The overall base zonings include A5, R2, C, D, CF, G and I. The purpose of the zoning request as a PD is to allow for the highest and best uses in this area and flexibility in each tract. The proposed uses also provide a transition between the highway and the residential uses on the east as well as allowing connection to the school to the north. The development of the Site would also allow connection to a transition from the adjacent commercial to the south.

The following is the breakdown of acreages and requested zonings in each tract:

<table>
<thead>
<tr>
<th>Tract</th>
<th>Proposed Zoning</th>
<th>Acreage</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>“R2” Townhouse Cluster, “D” High Density Multifamily, “G” Intensive Commercial</td>
<td>19.0</td>
</tr>
<tr>
<td>4</td>
<td>“D” High Density Multifamily, “G” Intensive Commercial</td>
<td>16.4</td>
</tr>
<tr>
<td>5</td>
<td>“D” High Density Multifamily, “I” Light Industrial</td>
<td>40.0</td>
</tr>
<tr>

<td>“A-5” One-Family, “R2” Townhouse/Cluster, “C” Medium Density Multifamily</td>
<td>42.1</td>
</tr>
<tr>
<td>7</td>
<td>“D” High Density Multifamily, “G” Intensive Commercial</td>
<td>19.8</td>
</tr>
</tbody>
</table>

*Tract 3 is currently under negotiation with the City of Fort Worth. The intent is for the City to purchase a portion and develop such as a stadium. The proposed uses would allow for flexibility in this case should the City not make the purchase.

Staff has concerns about the amount of potential multifamily within this PD. If approved, over 199 acres out of 297 total acres would allow multifamily by right. The applicant has requested a continuance in order to modify the proposal based on neighborhood feedback and address these concerns.

Surrounding Zoning and Land Uses

North “A-5” One-Family; “PD 710” "PD/SU" Planned Development/Specific Use, for all uses in "C" Medium Density Multi Family; plus: Home Office with development standards / multifamily, school

East “AR” One-Family Restricted; “A-5” One-Family; “C” Medium Density Multifamily; “E” Neighborhood Commercial “PD 360” PD/SU for commercial uses; “PD 1287” PD/D for independent living/ single-family, multifamily, school, undeveloped land

South “I” Light Industrial; “PD 1167” PD/E plus miniwarehouse/ commercial, miniwarehouse, industrial

West “I” Light Industrial / IH-35W
300-foot Legal Notifications were mailed on July 1, 2022.

Land Use Compatibility

The applicant is requesting to change the zoning of to “PD” for a variety of uses within a set of tracts. The applicant is requesting the PD in order to have flexibility of uses moving forward. This site is basically self-contained with I-35W to the west, Thompson Rd to the north, Basswood Blvd. to the south, and N Riverside Drive to the east. This is a large tract so surrounding land uses vary. Land uses to the south are commercial and minwarehouses, school to the north, single-family and multifamily to the east, and I-35W to the west. The table below describes the compatibility with surrounding uses for each tract.

<table>
<thead>
<tr>
<th>Tract</th>
<th>Proposed Zoning</th>
<th>Compatible</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>“R2” Townhouse Cluster, “D” High Density Multifamily, “G” Intensive Commercial</td>
<td>Yes (adjacent I-35W to the west and floodplain to the east)</td>
</tr>
<tr>
<td>2</td>
<td>“A-5” One-Family, “R2” Townhouse/Cluster, “D” High Density Multifamily &amp; “G” Intensive Commercial</td>
<td>Yes (frontage along I-35, interior to the site, separated by North Riverside Dr.)</td>
</tr>
<tr>
<td>3*</td>
<td>“A-5” One-Family, “R2” Townhouse/Cluster, “CF” Community Facilities, “G” Intensive Commercial</td>
<td>Yes (interior to the overall site, single-family uses separated by North Riverside Dr.)</td>
</tr>
<tr>
<td>4</td>
<td>“D” High Density Multifamily, “G” Intensive Commercial</td>
<td>Yes (along Basswood Blvd, floodplain to the west and Oncor easement to the east)</td>
</tr>

Economic Development Plan

The adopted Economic Development Strategic Plan identified four different results to facilitate the success and growth of Fort Worth:

1. High-wage job growth.
2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
3. An economy that capitalizes on high-growth businesses and the creative individuals who fuel them, targeting specific industry classifications.
4. A commitment to “quality of place” throughout the community, including rising home values, new business startups, reduction of blighted areas, and the emergence of walkable corridors with a mixture of residential and commercial developments and related amenities.

The proposed zoning may assist in high-wage job growth and targeted high-growth industry, it will also contribute to the quality of place for the neighborhood.

Project Description and Background

The property is currently a vacant lot within the Stop Six Overlay and NEZ Area Six. The City of Fort Worth is present owner and holds the site as surplus property. The Real Property Department has been contacted by a person interested in purchasing the land and constructing a day care. Daycare facilities in the midst of neighborhoods allow families to have easy access with minimal driving distances.

The current “A-5” One-Family zoning does not match the mixed use future land use designation, and City policies require the site to have zoning matching the future land use designations prior to sale. The proposal to rezone this lot would change the “A-5” One-Family zoning to “MU-1” Low Intensity Mixed Use zoning, allowing construction of a daycare by right. Mixed use zoning has requirements for non-residential developments to buffer the adjacent single family zoning. The lot is approximately 9,800 square feet. The proposed “MU-1” Low Intensity Mixed Use zoning does not obligate the purchaser to build a daycare, but could be developed for any uses allowed by right. The lot size plus the buffering requirements would limit most intensive uses.

Surrounding Zoning and Land Uses

North “A-5” One-Family / vacant land
East “CF” Community Facilities and “E” Neighborhood Commercial / commercial uses and vacant land
South “A-5” One-Family and “E” Neighborhood Commercial / residential and vacant land
West “A-5” One-Family / undeveloped

Recent Zoning History

- ZC-21-165, south of site, from E to AR, approved 11/15/2021.

Land Use Compatibility

The proposed zoning of “MU-1” Low Intensity Mixed Use would allow construction of a daycare by right, which aligns with the purchaser’s intentions. The Cavile Place Neighborhood Transformation Plan sheds light on the history of Amanda Avenue as a commercial center for the neighborhood. Amanda is the traditional “main street” of the neighborhood that, in the past, supported both residential and local serving retail commercial uses.

The Cavile Place Neighborhood Transformation Plan envisions the creation of a vibrant, sustainable community over the next 10–15 years. Amanda Street is proposed to be upgraded with new paving and pedestrian amenities. New mixed-use development incorporating local neighborhood serving businesses is proposed along the improved street, along with possible roundabouts and a landscaped median to re-establish it as a desirable address for neighborhood retail and services. The site appears to be conducive to residential infill development and compatible with the Cavile Place Neighborhood Transformation Plan as adopted. As such, the proposed zoning is compatible with surrounding land uses.

Comprehensive Plan Consistency – Southeast

The 2022 Comprehensive Plan currently designates the subject property as Mixed-Use. The proposed zoning of “MU-1” Low Intensity Mixed Use is compatible with the future land use designation of the adopted Comprehensive Plan.

- Promote appropriate infill development of vacant lots, old commercial centers (greyfields), and contaminated sites (brownfields) within developed areas, particularly in the central city
- Promote appropriate infill development of vacant lots within developed areas, which will efficiently utilize existing infrastructure, particularly in the central city
- Encourage new development in character with the existing neighborhood scale, architecture, and platting pattern, while working to improve pedestrian, bicycle, and transit access between adjacent neighborhoods and nearby destinations.
- Promote traditional neighborhood and other pedestrian-oriented developments, which encourage human interaction, walking, bicycling, mixed uses, slower traffic, public places, and attractive streetscapes.

Additionally, the proposed zoning would be in alignment with the following policy of the Comprehensive Plan for the Southeast Planning Sector:

11. Promote a balance of residential, commercial, and industrial uses in the Southeast sector.

The proposed zoning is consistent with the Comprehensive Plan future land use designation.
Economic Development Plan

The 2021 Economic Development Strategic Plan identified four different results to facilitate the success and growth of Fort Worth:
   1. High-wage job growth.
   2. A more sustainable tax base, driven less by residential property valuation and more by commercial and industrial investment.
   3. An economy that capitalizes on high-growth businesses and the creative individuals who fuel them, targeting specific industry classifications.
   4. A commitment to “quality of place” throughout the community, including rising home values, new business startups, reduction of blighted areas, and the emergence of walkable corridors with a mixture of residential and commercial developments and related amenities.

This zoning request may not assist in high-wage job growth, is not a targeted high-growth industry, but would contribute to a more sustainable tax base and the quality of place.
