DISCUSSION:

In March 2021, President Biden signed the American Rescue Plan Act (ARPA), providing aid and relief to various sectors of the national economy. The City of Fort Worth will receive a total allocation of ARPA funds in an amount exceeding \$173.7 million, to be disbursed in two batches or "tranches." The first tranche was received May 19, 2021, and the second tranche is expected to be received on or after May 19, 2022. Subsequently, on June 22, 2021, the City Council approved Mayor and Council Communication (M&C) 21-0445, establishing a general framework for the use of ARPA funds. Funding must be obligated by December 31, 2024 and fully expended by December 31, 2026.

Allocation of ARPA Subtitle M Funding

Responding to the negative economic impact of the coronavirus pandemic is a specifically identified use of ARPA dollars under Section 603(c)(1)(A) of Title VI of the Social Security Act (added by ARPA). Treasury Department guidance specifically notes that these Fiscal Recovery Funds can be deployed for a broad range of uses to

address "the disproportionate....economic impacts of the crisis on the hardest-hit communities, populations, and households" and to provide services and additional investments in Qualified Census Tracts, such as the ones in which the identified projects are located. Therefore, it has been determined that paying for the listed activities in order to improve access to quality, affordable housing and child care services are eligible uses of funds as a response to negative economic impact and an investment in housing and neighborhoods in a Qualified Census Tract.

Several local agencies submitted proposals for affordable housing and human services projects totaling \$31.4 million. City staff has reviewed these proposals with respect to financial feasibility, community need, and eligibility under ARPA Section 9901, Subsections 603(c)(1)(A) and 603(c)(1)(C), providing funding to aid disproportionately impacted communities and to support governmental services adversely impacted by the pandemic. As a result, City staff recommends that we allocate funding to seven projects as follows.

By approval of this M&C, the City Council finds that the expenditure of the funds on the listed projects serve vital public purposes for residents of Fort Worth and that the contracts executed between the parties will provide adequate controls to ensure the public purposes are fulfilled. Specifically, funds provided to Fort Worth Housing Solutions and Trinity Habitat for Humanity serve the public purpose of supporting the provision of quality, affordable housing in the City that meets all required zoning, codes, and infrastructure requirements. Additionally, the funds provided to Child Care Associates will provide needed child care services and programming to residents in need of such critical services.

Approval of this M&C will allocate \$10,100,000.00 in the American Rescue Plan Act project in the Grants Operating Federal Fund budget. Necessary reporting and documentation requirements will be followed to ensure the City can comply with all reporting requirements of the ARPA legislation.
