Submitter Comments: We wanted to keep the communities of interests together because that is the voice of the people. We tried really hard to meet the compactness score in district 4 but when we changed it, we ran into issues with the other check marks. We worked many hours on this. We hope you consider our map as a proposal. We have no political affiliations and wanted to create a map that is representative of the community. We also feel that this map is equitable in representation of our diverse Fort Worth.
