or EMAIL benefits@fortworthtexas.gov

2022 RATES FOR NON-MEDICARE RETIREES (No changes for retirees, same rates will continue)

Pre-65 Non-Medicare Retirees (Per Month)

*Hired before 10/5/1988 OR after 10/5/88 with 25+ years of service

	Employee Only	Employee + Spouse	Employee + Children	Employee + Family
Health Center Plan	\$100.00	\$738.17	\$444.41	\$1,056.52
Consumer Choice Plan	\$0.00	\$541.17	\$288.63	\$811.76

Things to Remember for Both Plans:

- New cards are coming in the mail. Expect a new insurance card to come before January 1, 2022.
- All preventive care, including mammograms and routine colonoscopies, are free to members on both the Health Center Plan and the Consumer Choice Plan.
- Coinsurance is waived for nonemergent surgical procedures with SurgeryPlus.

Continuing policy for working retirees and working retiree spouses

The new working retiree policy states that if a retiree is eligible for benefits with their current employer, they must leave the City's plan and elect coverage for themselves and their spouse with their current employer.

However, should the working retiree or working retiree spouse lose coverage or leave that job, they can return to the City's plan within a 30-day time period.

*policy was implemented as of January 1, 2018.

HEALTH CARE PLAN COMPARISON CHART

Plan Features	Health Center Plan	Consumer Choice Plan
Annual Deductible		
Individual	\$1,500	\$2,800
Family	\$3,000	\$5,600

Specialist (Not Premium Provider)	\$100 copay, then 20% after deductible	20% after deductible
Emergency Room Visits – for true emergencies only	\$300 copay	20% after deductible

CITY OF FORT WORTH EMPLOYEE HEALTH CENTERS

Each Health Center is staffed by top-notch Texas Health Resources physicians and other medical experts who can handle any kind of primary care patient needs and who can also refer patients to in-network premium designated specialists for specific medical care, if needed. Additionally, there are care coordinators and patient navigators to help with any referrals to specialists that patients may need.

- **Prompt appointments** - Same-day or next-day appointments are available at City of Fort Worth Employee Health Center locations as are referrals to see specialists when needed.
- **Short wait times for office visits** - For more routine needs, appointments will take 30 minutes or less. If lab work or care that goes beyond the basics is needed it could take longer. The highly trained staff will work with patients to make sure they're in and out as quickly as possible.
- **Online access to resources** - Patients can access a private member portal through FortWorthEmployeeHealthCenter.com to communicate with physicians, request prescription refills, see medical test results, review medical history, and more.

BOOK AN APPOINTMENT.

To schedule an appointment at ANY of the City of Fort Worth Employee Health Centers, retirees should call 800-574-0606.

If you need assistance with choosing the right plan or provider, Accolade is here to help you every step of the way. Contact them by calling 833-909-2353.

PLAN DESCRIPTIONS

The Health Center Plan

The Health Center Plan offers health centers in the Fort Worth area that are **FREE and exclusively available to City employees, retirees, and dependents.**

The Health Center Plan also allows employees to see any primary care physician or specialist they choose in the Meritain/Aetna POS II network.

Specialists will be available at various costs, depending upon their participation in the Meritain/Aetna POS II network and whether or not they are a premium or a nonpremium provider.

The Consumer Choice Plan

The Consumer Choice Plan is designed for employees who like the financial benefit of a Health Savings Account (HSA) and lower monthly premiums.

As with most high-deductible plans, all health care services are billed to the employee at 100% until the deductible is reached. Then, in most cases for in-network providers, the plan pays 80% while the employee covers 20% until the out-of-pocket maximum is reached.

Those on the Consumer Choice Plan can still access primary care services at the City of Fort Worth Employee Health Centers at a reduced cost of \$60 per visit.

PHARMACY PLAN AND FREE MEDICATIONS

The pharmacy plan administered by OptumRX has no changes for the 2021/2022 plan year. Maintenance medications are available through the 90-day mail order program or at Walgreens.

There are also over 40 generic medications available for FREE that are offered through the Employee Health Centers.

HEALTH SAVINGS ACCOUNTS (HSAs)

Vendor change from Wageworks to HealthEquity

As part of the Consumer Choice Plan, the city pays \$540 into individual HSAs each year and \$1,000 into family HSAs. Employees can voluntarily save even more by making additional contributions to their HSAs.
