

City of Fort Worth, Texas Job Description

Classification Title	Emergency Management Officer II		
Job Code:	PR1500	Job Family:	Professional
Pay Grade	610	Date Reviewed:	07/09/15
FLSA Status	Exempt	Date Revised:	

GENERAL SUMMARY

Develops and reviews emergency operation plans, procedures, incident action plans, situation reports and damage assessment reports. Assists in Emergency Operations Center activities, including emergency responses to multi alarm fire, severe weather, flooding or utility and power outages; reports to emergency scenes, as needed; provides leadership and guidance to Emergency Management Officer I position; and performs the more complex functions of emergency management.

ESSENTIAL DUTIES & RESPONSIBILITIES

The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.

1. Evaluates public facilities and assists in developing effective emergency operations plans; monitors facilities; and ensures compliance with applicable hazardous materials and chemical storage laws and regulations.
2. Participates in Emergency Operations Center activities including, but not limited to, emergency responses to multi-alarm fires, severe weather, flooding, utility outages, evacuations and hazardous materials or chemical spills.
3. Works closely with the Fire Prevention Bureau, hazardous materials squads and other groups to develop and maintain plans for responding to emergencies. Assists Fire Marshals with inspections of facilities that store and/or use hazardous chemicals or materials; and ensures compliance with established fire codes.
4. Develops and conducts emergency drills, tabletop exercises, functional and full scale exercises with multiple departments, regional, city and county agencies, community partners, private sector, state and federal agencies to prepare for emergencies and disasters.
5. Plans and conducts meetings with Fort Worth hospitals to enhance the efficiency and effectiveness of preparedness and response to public health emergencies.
6. Prepares and presents public awareness programs to the public, civic groups, medical facilities, schools and various private organizations; and encourages the development of emergency plans.
7. Participates in developing procedures and emergency response plans for public schools and hospitals and public and private agencies and organizations.

8. Reviews and updates emergency operations plans; coordinates resources with various divisions, departments and City or County officials; and discusses issues related to emergency preparedness, response, recovery and mitigation.
9. Responds to public inquiries; provides information within the area of assignment; and resolves complaints in an efficient and timely manner.
10. Serves as the liaison with various environmental and hazardous materials organizations. Utilizes their assistance at various emergency scenes as needed.
11. Maintains computerized information relevant to hazardous materials reporting, emergency management activities and various other emergency response functions.
12. Serves as Emergency Management Duty Officer on a rotating 24/7 basis. Maintains availability to respond to emergency scenes or activate the Emergency Operations Center.
13. Performs other related duties as required.
14. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City's Personnel Rules and Regulations.
