

City of Fort Worth, Texas Job Description

Classification Title	Senior Equipment Operator		
Job Code:	ST5290	Job Family:	Service Trades
Pay Grade	507	Date Reviewed:	06/15/15
FLSA Status	Nonexempt	Date Revised:	

GENERAL SUMMARY

Operates and maintains various types of motorized equipment including, such as mobile cranes, bulldozers and concrete mobile. Adheres to safety rules and guidelines to ensure crew and public safety. Completes multifaceted tasks using large industrial machinery related to job completion. Trains and monitors lower-level workers.

ESSENTIAL DUTIES & RESPONSIBILITIES

The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.

1. Performs specialized tasks related to an assigned area of responsibility; operates complex equipment including mobile cranes, bulldozer, trenching machine, concrete mobile, roto-boom, and rear end of an asphalt distributor.
2. Exercises technical and functional supervision over lower-level technical and maintenance staff.
3. Trains and supervises prospective drivers for commercial driver's license exam and City driving test.
4. Monitors small crews at job-site; maintains records of equipment used and operations performed; assists in preparation and delivery of needed materials and equipment.
5. Operates a variety of motorized equipment maintenance and construction equipment and a variety of hand tools. Some equipment requires specialized certification and training for proper operation.
6. Performs skilled and semi-skilled tasks related to completion of assigned jobs, such as cutting branches, operating a jackhammer, shoveling asphalt, mowing, cleaning and reconstructing channels.
7. Performs preventative maintenance on equipment as assigned and inspects equipment before use. Completes daily operations reports and time sheets.
8. Meets with crew leaders and other supervisory personnel to determine job methods and best use of motorized equipment.
9. Performs all assigned tasks and works with crew leader to remove any unsafe working conditions. Assists set-up of traffic cones and barriers.
10. When assigned to the Water Department, additional tasks and responsibilities may include: operating valves on water lines to isolate leaking; assist in constructing and

repairing water mains and fire hydrants; uncovering buried pipelines, measuring, and cutting pipe; operating sewer equipment to clear obstructions within the collection system; and may include some of the tasks listed under Item 12 below.

11. When assigned to the Solid Waste Management division, additional tasks and responsibilities may include: operating side load, rear load, or round barrel packer garbage truck or roto-boom trucks on assigned routes; and to lift and carry heavy loads of waste.
12. When assigned to Property Management, additional tasks and responsibilities may include: Picking up fuel at fuel depots and delivering fuel to various storage tanks and equipment. Transporting equipment to various job sites and vendors on 50-ton lowboy tractor-trailer.
13. When assigned to TPW/Stormwater, additional tasks may include: performing concrete and general maintenance to include repairs to drainage structures and pipes, minor equipment, and various maintenance and construction duties; assist installation of erosion control products (BMPs).
14. Performs other related duties as required.
15. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City's Personnel Rules and Regulations.
