Limited or no experience managing grants

Any explanation, clarification, or interpretation desired by a proposer regarding any part of this RFP must be requested from Senior Planner Sharon Burkley no later than Friday, February 18, 2022 at 11:59 p.m. Contact information for Ms. Burkley is provided at the beginning of this RFP document. Scope of Services
The City of Fort Worth is making funds available for public services and architectural barrier removal programs providing benefits to eligible households and neighborhoods. This RFP is to award CDBG funds, ESG funds, and HOPWA funds for 2022-2023. CDBG Proposals must be for programs that provide services to low- and moderate-income households. ESG Proposals must address the needs of homeless individuals and families in the City of Fort Worth. HOPWA Proposals must address the needs of persons with HIV/AIDS living in Tarrant, Johnson, Parker, Wise, Hood, and Somervell counties.

The following estimated funding amounts are based on current 2021-2022 year funding:

- CDBG: $1,121,591
- ESG: $584,715
- HOPWA: $1,847,107
The actual amount of funds awarded may vary at the City’s discretion. Funds are paid to the agency on a reimbursement basis upon submittal of satisfactory documentation of expense eligibility.

All proposed activities should address one or more of the following goals from City Council and the Community Development Council (CDC). These goals include the following:

- Preserve Aging Housing Stock
- Improve Accessibility of Public & Private Spaces
- Poverty Reduction & Household Stabilization
- Promote Affordable Housing for Renters & Owners
- Children & Youth Training & Mentorship
- Support Programming for Aging in Place
- Targeted Neighborhood Revitalization
- Homeless Services

In addition to these goals, the City encourages HUD grant subrecipient agencies to provide neighborhood-based services in areas with high concentrations of low-income residents. Agencies are encouraged to provide HUD grant funded services within a City of Fort Worth community center. A map of low- and moderate-income areas and locations of community centers is attached to this RFP document. Also attached is a list of community centers and staff contacts for each center. Applicants interested in providing programming at a center are advised to contact that center’s Community Center Coordinator to discuss scheduling, room availability, local community needs, etc.

The City does not require any agency to relocate its entire program to a community center. Rather, the City encourages agencies to provide pilot programs at community centers to expand the center's customer base while improving outreach and service levels to surrounding communities. The goal of this effort is to remove barriers to access and expose residents to programs of which they may not be aware.

Sample programs may include:

- A weekly resume writing or typing skills class that uses the community center’s computer labs to improve clients’ work readiness and employability;
- A series of seminars or outreach events on financial literacy, homeownership, home repair and maintenance, etc.;
- A pilot three-month after-school program that mentors or tutors children or youth on math or science one day a week; and/or
- Regular participation by the recipient agency in special events at the centers such as National Night Out, job fairs, summer day camp, health fairs, etc.

Provision of services at community centers in areas with high concentrations of low-income residents will help the agency and the City assure HUD eligibility of programming. Agencies are invited to submit proposals for activities such as:

- Youth Services: Tutoring and homework assistance, substance abuse education and prevention, positive self-image, anti-bullying, reading and literacy, civic service and leadership, STEM (Science, Technology, Engineering, and Mathematics), health and hygiene.
- Teen Services & Young Adult Services: Life skills, financial and economic literacy, community responsibility, college readiness and preparation, healthy relationships and dating, substance
abuse education and prevention, employment readiness, educational development, personal
development, STEM (Science, Technology, Engineering, and Mathematics), health and hygiene.

- Adult Services: Job training, employment readiness, basic computer skills, financial and economic
literacy, resume writing, interviewing skills, parenting skills.
- Senior Citizens & Active Aging Adults Services: Senior computer basics, acquiring new skills for
the active adult, introduction to social media, senior fitness

Programming schedules and frequency should be negotiated with each Community Center Coordinator
depending on the nature of the program and availability of facility space. Interested proposers may schedule
an on-site visit at the community center of their choice by contacting the appropriate Community Center
Coordinator. Contact information for each of the City's community centers is available here:
https://www.fortworthtexas.gov/departments/parks/services/community-centers

Schedule of Consideration & Award of Funds
The following schedule is proposed for review and selection of programs to be funded. The schedule may
be subject to revision based on unforeseeable events, cancellation of City Council meetings, or absence of
a CDC quorum, in order to meet HUD statutory and regulatory requirements.

The City reserves the right to reject any or all proposals.

**General Provisions**
The proposals selected for funding may not assign rights or duties under an award, or subcontract delivery of services, without the prior written consent of the City of Fort Worth. Such consent shall not relieve the assignor of liability in the event of default by its assignee.

It is understood that the City reserves the right to accept or reject any and all Proposals and to re-solicit for Proposals as it shall deem to be in the best interests of the City of Fort Worth. Receipt and consideration of any Proposals shall under no circumstances obligate the City of Fort Worth to accept any Proposals.
