

FAR NORTH SECTOR FUTURE LAND USE

Sector Land Use Policies

1. Promote fiscally sustainable growth on the periphery of the city by encouraging development adjacent to existing adequate infrastructure and discouraging leapfrog development.
2. Promote the use of parallel local access lanes along major roadways to encourage development in which the front façade of homes can face the street without the need for multiple driveway curb-cuts on the major street, thereby preserving traffic flow and safety, increasing the pedestrian friendliness of the street, and eliminating the canyon effect of backyard fences lining the street.
3. Promote development of rail transit serving the Texas Motor Speedway and stations along the line.
4. Promote appropriate commercial, mixed-use, and urban residential development within the Alliance Gateway West, Alliance Town Center, Fossil Creek, and Nance Ranch Mixed-Use Growth Centers. Discourage single-family residential development within these growth centers.
5. Encourage urban residential development in appropriate locations to create more walkable, pedestrian-oriented neighborhoods.
6. Protect land needed for Green Infrastructure projects such as natural stormwater conveyance and detention, riparian buffer protection, and linear greenways with hike & bike trail alignments.
7. Create a hike & bike trail network in growing areas by promoting a connected system of pathways within floodplains, riparian buffers, and other open space corridors.
8. Encourage the preservation and enhancement of the natural landscape by retaining trees, natural drainage ways, and unique vistas.
9. Work with school districts to identify suitable sites for future school development that make efficient use of existing infrastructure.
10. Promote healthy physical activity among children by designing enhanced walkability into neighborhoods surrounding new and proposed school sites.
11. Encourage co-location of schools and public parks to promote shared use of facilities and to reduce maintenance costs.
12. Promote industrial development within the Meacham, Alliance, and Alliance Gateway East Industrial Growth Centers.
13. Promote commercial and industrial development near Alliance Airport, BNSF rail yards, and Texas Motor Speedway that would not be adversely affected by noise.
14. Discourage residential development within areas affected by noise levels from Alliance Airport greater than 65 decibels and especially at the ends of the runways.
15. Promote the free flow of traffic on North Tarrant Parkway and other major roadways by implementing access management techniques to reduce individual commercial curb cuts.

"A comprehensive plan shall not constitute zoning regulations or establish zoning district boundaries."
Texas Local Government Code, Section 219.005.
