 - d. vulnerable populations should not visit houses with more than one person;
 - e. all visitors to vulnerable populations should wear a mask;
 - f. exercise the 6 foot rule;

- (4) For operators that remain open, provide ways for patrons to maintain safe social distancing, for example, maintaining 6 feet of separation between individuals; have hand washing capabilities, hand sanitizers and tissues available; and frequently cleaning high touch surface areas like counter tops, hand rails, and door knobs.
- (5) For workplaces, promote telecommuting; ensure employees do not work while sick; do not require a doctor's note for employees who are sick; maximize flexibility in sick leave benefits; and minimize the number of employees working within arm's length of one another.
- (6) For grocery stores and pharmacies, increase the use and capability of drive-thru, curbside, or delivery services; limit or restrict the number of customers permitted in a store at one time; minimize the number of employees working within arm's length of one another; provide handwashing capabilities, hand sanitizers, and tissues; and frequently clean high-touch surface areas like countertops, doorknobs, and handrails.
- (7) Determine ways to consider providing support services, including meals, to individuals at increased risk of severe illness while limiting group settings and exposures.
