## DETAILED PROJECT DESCRIPTION

Please provide a detailed summary of your proposal below. This should include a detailed description of the proposed use and reason for rezoning, how this use is compatible with surrounding land uses and the City's Comprehensive Plan, and any other details relevant to your request. Feel free to attach additional pages, concept plans, etc. as needed.

For PD or CUP requests, please explain why your proposal cannot be accommodated by standard zoning districts, clarify if any waivers are being requested and why, and detail any changes from previously approved site plans or development standards.

Request is for a zoning change on two lots located at 5904 & 5908 Etsie Street, from Agricultural (AG) to General Commercial (GC). This rezoning will allow future development of an auto repair garage and associated parking. Lot 2 will contain the auto repair garage; and lot 3 will provide the required parking and on-site circulation for customers and employees. Current AG zoning prohibits the proposed auto repair use.

The site fronts an existing roadway and is informally used as vehicle storage for personal use. Nearby properties to the east and west operate similar vehicle or container storage activities. According to the future land use map that reflects the City's Comprehensive Plan, those properties are designated for light industrial uses, so the requested General Commercial zoning is consistent with the development pattern in this area. The proposed auto repair garage will serve local demand, operate during typical business hours, and will abide by the supplemental use standards required for all auto repair shops.
