~~Currently as it stands 1000 S Retta is a empty lot~~

* See attached Word doc *

Currently as it stands 1000 S Retta is a empty vacant lot that unfortunately attracts unwanted loitering and illegal activities due to a CF zoning park area nearby. This problem is partially due to lack of traffic, viewing eyes, since the CF zone is separated from A-5 houses by the S Retta st. The Gid Hooper Park area (CF zone) needs more traffic, in return there will be less chances for crime to occur in this general area, also this positively impacts the neighborhood and school by eliminating the lack of surveillance.

This empty lot of 1000 S Retta will serve as the perfect solution to this growing problem. We humbly ask the city of Fort Worth to grant us the zoning change to ER to build small office(s) (to fully take advantage of the length of the lot). If this request is granted the neighborhood will be able to take full advantage of commercial services nearby. Most importantly the area will be more populated and discourage illegal activities from occurring nearby.

The nearby zoning of I (light industrial) shows this area of Fort Worth is already familiar with commercial traffic in the nearby streets such as Riverside Dr. Building a commercial office in this lot only pushes this plan for growth further while bringing a safer community together.
