

City of Fort Worth District 10 News Councilman Alan Blaylock

August 2023

Hello District 10 Residents,

Happy Summer! First of all, thank you! Thank you for loving where you live, enough to get involved. Please share this with businesses, HOAs, residents, neighbors, and friends.

We are hard at work in the District 10 office working on a sensible budget, engaging with our community, representing our city, solving problems, supporting our citizens by being your voice.

We have heard from many of you regarding public safety regarding finalizing the upcoming budget. Now is time to let us know what is important to you. While sharing events of crime and concern with their neighbors on social platforms is important for neighborhood awareness, please report the crime to police. It helps provide a better picture of what is actually happening, and builds the database that helps inform where more police presence is needed. We applaud neighborhood and business watch programs, as well as Citizens on Patrol / Code Blue. An engaged community is a strong community. North Division, covers about a third of the city geography, and more than a fourth of the population. We must have more resources.

"I will continue to be a staunch advocate for the needs and well-being of the residents of District 10." Alan Blaylock

Serve on a Board or Commission

One of the great things about the new District 10 in North Fort Worth, is that it gives us an absolute voice in everything going on in the city. We now have as much a say about what goes on inside 820, as those inside the loop have about our homes up here. It is incredibly important that we take advantage of this opportunity to ensure we in the north are fairly represented. District 10 has a few appointments left. Please take a look. If your passion and skillset match, please apply and send an email to District10@fortworthtexas.gov . We want the city to pay attention to our needs, which means we need to pay attention to the rest of the city as well.
