STAY COOL FORT WORTH!

Beat the Heat

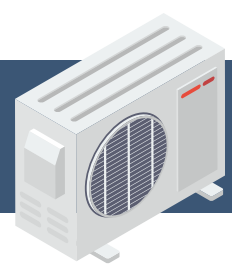

Community Action Partners and Reliant: Keeping Fort Worth Cool, Together!

For the fourth year in a row, Community Action Partners and Reliant Energy have teamed up to make summer heat more bearable for residents.

Eligible Fort Worth residents can request a cooling device to help beat the heat at home, by visiting our website and requesting a unit, while supplies last.

Residents can also stay cool this summer by visiting one of Fort Worth's free cooling centers— for refreshing AC, cold water, and relief from the Texas heat.

Eligibility

Priority is provided on a first-come, first-served basis, with top priority given to vulnerable populations such as seniors, individuals with disabilities and families with children ages 5 and under.
