

2022 BOND PROGRAM

Propositions	CD	Project Description/Limits	Bond Amount
Fort Worth Proposition A - Streets and Mobility Infrastructure Improvements			
Arterials/Corridors - Added Network Capacity			
The following major projects are primarily intended to provide capacity improvements to existing arterials by adding new travel lanes, increasing capacity of existing travel lanes through installation of traffic flow improvements, and to provide new arterials for the purpose of connecting existing arterials. These projects may include new travel lanes, intersection improvements, drainage improvements, sidewalks, street lights, bicycle lanes, and/or rehabilitation of widening of existing travel lanes, as appropriate.			
<i>Bailey Boswell (Design & Right-of-way Acquisition)</i>	2	FM 156/Blue Mound Road to Horseman Road	\$ 1,000,000
<i>Cromwell Marine Creek Road</i>	2	Boat Club Rd - Marine Creek Parkway	\$ 10,970,000
<i>Heritage Trace Pkwy 1 (Design & Right-of-way Acquisition)</i>	2	Wagley Robertson Road to Saginaw Boulevard	\$ 3,200,000
<i>Meacham Blvd - Phase 2 (Design Only)</i>	2	FM 156 to 1,100 feet west of Interstate Highway 35W	\$ 868,000
<i>Ray White Road North</i>	4	Wall Price Keller Rd to bridge over Big Bear Creek	\$ 15,380,000
<i>Ray White Road South</i>	4	Mirage Drive - Wall Price Keller	\$ 7,925,000
<i>Trinity Blvd- Phase 2</i>	5	Salado Trail - Thames Trail	\$ 6,150,000
<i>Avondale Haslet Road</i>	7	Willow Creek Drive North to eastern city limit line with Haslet (John Day Rd)	\$ 17,020,000
<i>Bailey Boswell</i>	7	Boat Club Road to 420 feet east of Wind River Drive	\$ 29,000,000
<i>Bonds Ranch Road and Wagley Robertson Road, West</i>	7	Wagley Robertson Rd - Highway 287 Southbound Service Road	\$ 16,400,000
<i>Keller Hicks Road</i>	7	Lauren Way - Park Vista Boulevard	\$ 9,200,000
<i>Park Vista Blvd</i>	7	Keller Haslet Road - Timberland (2 west concrete lanes)	\$ 4,950,000
<i>Wagley Robertson Road (Phase I)</i>	7	Quicksilver Court to Coneflower Trail	\$ 11,000,000
<i>W J Boaz Road/West Half</i>	2,7	Boat Club (FM 1220) - Elkins School Road	\$ 12,300,000
			Sub-Total
Established Corridors (Complete Streets) Support Transit			
Complete Streets are designed and operated to enable safe access for all users, including pedestrians, bicyclists, motorists and transit riders of all ages and abilities. These projects may include: sidewalks, bike lanes (or wide paved shoulders), special bus lanes, comfortable and accessible public transportation stops, frequent and safe crossing opportunities, median islands, accessible pedestrian signals, curb extensions, narrower travel lanes, roundabouts, and more.			
<i>East Lancaster Ave</i>	5,8,9	Central Station to Dottie Lynn Parkway (\$10M local contribution for development of Complete Street Smart Cities Corridor)	Design, ROW and Construction \$ 10,000,000
<i>East Berry St</i>	8,9	I-35W to Martin Luther King Fwy (US 287)	Design \$ 2,500,000
<i>McCart Ave</i>	6,9	IH-20 to Sycamore School Road	Design \$ 2,500,000
			Sub-Total
Neighborhood Street Rehabilitation/Reconstruction			\$ 81,100,000
Rehabilitation, reconstruction or repair of existing deteriorating roadways with new concrete or asphalt travel lanes, curbs and gutters, driveways, sidewalks and repair of failed and poor condition park roads. The streets selected were identified to be in poor condition through Overall Condition Index survey, which rates street segments based on condition and quality.			
<i>15th St, NW (600 - 699 Blk)</i>	2	Circle Park Blvd to Lincoln Ave	
<i>Lincoln Ave (1400 - 1699 Blk)</i>	2	NW 16th St to W Central Ave	
<i>Houston St, N (2000 - 2499 Blk)</i>	2	NW 25th St to NW 20th St	
<i>Carver Dr (5300 - 5399 Blk)</i>	3	Prevost St to Hervie St	
<i>Fernander Dr (5300 - 5399 Blk)</i>	3	Prevost St to Hervie St	
<i>Clarence St (1200 - 1299 Blk)</i>	4	Airport Fwy to Wheeler St	
<i>Goddard St (4100 - 4499 Blk)</i>	4	Arnold Ct to Woodrose Dr	
<i>Ave K (E) (2780 - 3199 Blk)</i>	5	W Dead End to Vaughn Blvd	
<i>Baylor St (3800 - 3899 Blk)</i>	5	Vaughn Blvd to Martin Luther King Fwy	
<i>Bishop St (3500 - 3699 Blk)</i>	5	Martin Luther King Fwy to Reed St	
<i>Burton Ave (3800 - 3899 Blk)</i>	5	Rufus St to Donalee St	
<i>Burton Ave (4400 - 4799 Blk)</i>	5	S Hughes Ave to E Dead End	
<i>Bright St (3900 - 3999 Blk)</i>	5	Martin Luther King Fwy to Vaughn Blvd	
<i>Chickasaw Ave (4200 - 4299 Blk)</i>	5	Miller Ave to Martin Luther King Fwy	
<i>Crouch Ave (3000 - 3199 Blk)</i>	5	Burton Ave to E Berry St

Bridge Rehabilitation	Various	Repair and rehabilitation of bridges citywide, which may include the following: bridge replacement and reconstruction, a channel component, including hardening and cleaning; a deck component, consisting of replacement, concrete repair, crack sealing, epoxy broadcast overlay, drainage system maintenance, and joint sealing; a roadway approach component, including slab repair, slab replacement, approach joint sealing, joint replacement, and joint repair, as well as guardrail replacement or repair; substructure maintenance, including abutment repair, slope pavement repair or replacement, slope pavement sealing, pier repair, bent sealing and painting, and bent structural repairs; superstructure maintenance, including steel members painting, steel beam stiffening, concrete beam repair, concrete diaphragm repair, bearing painting, repair and replacement, addition of bearings, and handrail repair or replacement.	\$ 10,000,000
Streetlights	Various	Citywide installation and/or replacement of roadway lighting in neighborhoods and along major roadways. Program will focus on infill lighting, filling gaps and making upgrades that provide uniformity and meet district goals.	\$ 12,000,000
Intersections	Various	Citywide construction of capacity, safety improvements, and reconstruction of intersections and necessary appurtenances, including traffic signals.	\$ 25,900,000
<i>Jacksboro Highway at W. Northside/N. University</i>	2	Capacity & Geometric Improvements	
<i>Camp Bowie Blvd and Bryant Irvin Rd</i>	3	Capacity & Geometric Improvements	
<i>Camp Bowie Blvd at Horne St.</i>	3	Capacity & Geometric Improvements	
<i>N. Tarrant Pkwy at N. Beach St.</i>	4	Capacity & Geometric Improvements	
<i>Trinity Blvd at Euless South Main St.</i>	5	Capacity & Geometric Improvements	
<i>Bryant Irvin Rd @ Oakmount Blvd</i>	3,6	Capacity & Geometric Improvements	
<i>McCart Ave. at Westcreek Dr.</i>	6	Capacity & Geometric Improvements	
<i>Altamesa Blvd at Woodway Dr.</i>	6	Safety & Geometric Improvements	
<i>S. Hulen St. at W. Risinger Rd.</i>	6	Safety & Geometric Improvements	
<i>Forest Hill Dr. at Royal Crest Dr.</i>	8	Capacity & Geometric Improvements	
<i>E. Berry St. at S. Riverside Dr.</i>	8	Safety & Geometric Improvements	
<i>Main Street - Downtown Signal Corridor - 7 signals</i>	9	Safety & Geometric Improvements - Reconstructing traffic signals and improving ADA compliance on Main Street at 1st, 2nd, 5th, 6th, 7th, 8th and 9th Streets.	
Traffic Signals	Various	Citywide installation of new traffic signals, pedestrian hybrid beacon, replacement of existing old and obsolete traffic signals, and upgrading of existing signal infrastructure to current standards with improved technology.	\$ 15,000,000
Neighborhood/School Safety	Various	Citywide installation and/or replacement of traffic signage, school zones, pavement markings and other traffic safety and pedestrian mobility improvements near schools, including, but not limited to, beacons with driver feedback signs, new sidewalks, and rehabilitation of existing sidewalks, ADA ramps, installation of crosswalks and other school related markings, and neighborhood related traffic management devices and measures, including all appurtenances necessary to communicate with, monitor and manage the traffic control system.	\$ 6,000,000
Sidewalks	Various	Citywide installation of sidewalks, including along streets with missing links of sidewalks to maintain connectivity, in accordance with the City's adopted Active Transportation Plan.	\$ 16,000,000
Bicycle Facilities	Various	Citywide installation of capitalizable bicycle facilities in accordance with the City's adopted Active Transportation Plan.	\$ 6,000,000
Everman Parkway Connector - Grade Separated Railroad Crossing	8	The design and construction of Everman Pkwy, including grade separated railroad crossing, from Rosedale Springs Ln to Cameron Hills Pt.	\$ 22,200,000
Railroad Safety Crossings	Various	Citywide installation, repair and/or replacement of railroad crossing surfaces, new crossing surfaces, crossing safety improvements and railroad quiet zones.	\$ 6,000,000
Safety/Mobility - Vision Zero Program	Various	Citywide installation of multimodal transportation improvements to help reduce fatalities and severe injuries involving vehicles, bicycles, and pedestrians; including, but not limited to sidewalks, crosswalks, new streetlights, pavement markings, signs, flashing beacons, ADA ramp, and intersection geometric improvements.	\$ 5,000,000
Sub-Total			\$ 365,563,000
Public Art/Enhanced Design (estimated 1% of total for all Proposition)			\$ 3,655,300
Total			\$ 369,218,300

2022 BOND PROGRAM

Propositions	CD	Project Description/Limits	Bond Amount
Fort Worth Proposition B - Park and Recreation Improvements			
Fire Station Community Center Replacement	9	Demolition of existing facility due to age, functional obsolescence, and insufficient space for programming needs; and design and construction of new facility (approximately 20,000 Sf) and associated infrastructure and site improvements, including, but not limited to gymnasium, fitness area, and meeting rooms. The project may also include the preservation, renovation, and expansion of portions of the existing facility.	\$ 11,575,000
Stop Six Hub Community Center	5	Design and construction of a new multi-purpose recreation and community center at a size of approximately 28,000 square feet with the goal of providing residents with a single point of contact for multiple services to improve accessibility as part of a larger redevelopment in and around a former public housing complex site. The bulk of the space will be dedicated to traditional recreation and community center spaces including, but not limited to, gymnasium, fitness area, fitness equipment, and meeting rooms with smaller portions of the facility allocated to library facilities and social services space.	\$ 17,500,000
Heritage and Paddock Parks Renovation and Site Improvements	9	Design and construction of park facility improvements which include increasing connectivity to the Trinity River, restoration of the historic Heritage Park Plaza, and associated improvements to increase pedestrian and vehicular safety and connectivity to the park	\$ 13,500,000
Fort Worth Botanic Garden Infrastructure Improvements	7	Design and construction of new facilities; and restoration, renovation and replacement of existing facilities, and associated supporting infrastructure.	\$ 7,000,000
Forest Park Pool Replacement	9	Demolition of existing facilities and design and construction of outdoor aquatic facility and associated amenities, including, but not limited to, eight (8) lane, fifty (50) meter lap pool, interactive water play elements with large water slide, changing rooms, renovation and expansion of parking area and associated infrastructure and equipment.	\$ 11,000,000
Fort Worth Water Gardens	9	Renovation and replacement of degrading infrastructure at the Fort Worth Water Gardens. Improvement may include but are not limited to pump and pipe replacement, concrete paving replacement and repair, lighting replacement and electrical system and technology improvements.	\$ 6,500,000
Meadowbrook Golf Course Renovation	4	Design and construction of improvements to upgrade playability by reconfiguring tees, fairways, and greens, which may include, but not limited to, grading/site work, new irrigation system, turf, cart trails, creek stabilization, and other golf course amenities.	\$ 7,000,000
Sycamore Park Development	8	Demolition of existing clubhouse, design and construction of master planned park improvements including, but not limited to trails, utility infrastructure and picnic facilities, with supporting infrastructure.	\$ 2,000,000
Oak Grove Park Development	8	Master planning and design and construction of park amenities, may include, but not limited to playgrounds, picnic shelter and site furnishings, walking trails, security lighting, athletic fields, and supporting infrastructure and equipment.	\$ 3,000,000
Echo Lake Park Improvements	9	Master planning, design and construction of park amenities, which may include, but not limited to playgrounds, picnic shelters, site furnishings, walking trails, security lighting and athletic fields.	\$ 5,000,000
Stop Six Aquatic Facility	5	Design and construction of an outdoor aquatic facility and associated amenities, including, but not limited to eight (8) lane twenty-five (25) yard lap pool, interactive play area with large water slide, and supporting infrastructure and equipment.	\$ 8,200,000
Gateway Park Development	4	Master plan update, and design and construction of park amenities in accordance with park master plan, including, but not limited to, athletic fields and related facilities, trails, skate park, parking lots, security lighting, and supporting infrastructure and equipment.	\$ 8,000,000
Drainage, Erosion Control, and Dredging of Ponds and Lakes		Design and construction of drainage, dam and pond restoration and erosion control improvements.	\$ 7,150,000
	3	Foster Park Pond dredging	
	6	Candleridge Park Address erosion in drainage channel and creek caused by offsite drainage from adjacent apartment complex	
	3	Overton Park Streambank stabilization	
	3	Pecan Valley Golf Course Pond dredging	
	3	Pecan Valley River Course Improve drainage at hole #4, #5, and #7.	
	4	Arcadia Park Streambank stabilization, trail is being compromised	
	4	Coventry Hills Streambank stabilization	
	4	Gateway Park Address erosion issues at outfall and channel	
	6	Candleridge Park/French Lake Pond dredging	
	6	C.P. Hadley Streambank stabilization	
	8	Oakland Lake Park Pond dredging	
	9	Greenbriar Park Repair of existing dam	
	9	Trinity Park Address drainage concerns at Trinity Park Drive, Crestline, and Mayfest Road	
Neighborhood Park Development		Master planning, design and construction of park amenities, including, but not limited to playgrounds, picnic shelter and site furnishings, walking trails, security lighting and practice fields, and supporting infrastructure and equipment.	\$ 5,100,000
	2	Lebow Park	
	3	Chuck Silcox Park	
	4	Coventry Hills	
	5	Mosier Valley Park	
	5	Martin Luther King (current community center site)	
	6	Westhaven Park	

2022 BOND PROGRAM

Propositions	CD	Project Description/Limits	Bond Amount
Timberland Park Kingsridge/Kingsridge West	7 7		
Trail Gap Connections	Various	Design and construction of trails citywide to address gaps between trail sections within the trail system, including locations where city funds can be leveraged through grants and partnerships with other organizations and agencies, including but not limited to Bomber Spur Trail, Mistletoe Bridge to Forest Park Trail Connection and Sycamore Creek Trail.	\$ 5,500,000
Fort Worth Zoo - Utility Infrastructure	9	Design and construction of public utility infrastructure required to support new facilities being constructed at the City-owned Fort Worth Zoo.	\$ 3,500,000
Sub-Total			\$ 121,525,000
<i>Public Art/Enhanced Design (estimated 2% of total for all Proposition)</i>			\$ 2,430,500
Total			\$ 123,955,500

Fort Worth Proposition C - Public Library Improvements			
Far Northwest Library	7	Design and construction of new library facility (approximately 18,000 SF) in far northwest Fort Worth and associated supporting infrastructure and equipment.	\$ 12,260,000
<i>Public Art/Enhanced Design (estimated 2% of total for Proposition)</i>			\$ 245,200
Total			\$ 12,505,200

Fort Worth Proposition D - Police and Fire Public Safety Improvements			
Police Northwest Patrol Division	2	Design and construction of new police station (approximately 32,000 SF), including supporting infrastructure, site improvements, furniture, fixtures, and equipment.	\$ 18,600,000
Fire Station #16 Replacement	3	Demolition of existing fire station due to age and condition; and land Acquisition, design and construction of new 3-bay, double company fire station and supporting infrastructure and equipment.	\$ 10,450,000
Fire Station #37 Replacement	4	Demolition of existing fire station due to age and condition; and land Acquisition, design and construction of new 3-bay, double company fire station and supporting infrastructure and equipment.	\$ 9,500,000
Sub-total			\$ 38,550,000
<i>Public Art/Enhanced Design (estimated 2% of total for all Proposition)</i>			\$ 771,000
Total			\$ 39,321,000

Fort Worth Proposition E - Natural Area and Open Space			
	Various	Acquisition and improvements of land citywide to enhance air and water quality, facilitate other environmental benefits, control erosion, mitigate flooding concerns, provide passive recreational opportunities, and facilitate future economic development.	\$ 15,000,000
Total			\$ 15,000,000
Grand Total			\$ 560,000,000
