

# City of Fort Worth - Accela Citizen Access – Resolution of “Invalid” Street Names

When entering in the **Project Locations** in under **ADDR** and you receive the “**Invalid**” error message, this may be triggered by one of the following:

1. The **Street Name** is misspelt
2. If there is a “**space**” at the end of the last word entered in the **Street, From** or **To Field**.
3. If these are new **Street Names** inside a new sub-division, good chance the street names are not yet entered into our mapping system and the error message will appear.
  - o When you have **5 or MORE** street names showing up as “**Invalid**” as shown in **Snip 1** below, **refer to the next page**.
  - o When you have **5 or LESS** street names not showing up, check **1 & 2** above. If still showing “**Invalid**”, clear out that **Field** and continue with the submittal, as long as you listed the **Project Locations** correctly on the permit application form as shown in **Snip 1** below.

Example of how the **Project Locations** should be listed on the permit application form (**Snip 1**):

**Project Location(s):**

Cherryridge - Village Pkwy to end	/	Glen Crossings - Village Pkwy to end
Elderbrook - end to end	/	Winship - Cherryridge to Glen Crossings
Torrance - Cherryridge - Glen Crossings		
Village Pkwy - Southeast Loop 820 to Stonegate		

Example of the “**Invalid**” error message (**Snip 2**)

✘ An error has occurred.  
Invalid: Cherryridge ;Glen Crossings ;Winship ;Cherryridge ;Glen Crossings ;Torrance ;Cherryridge ;Glen Crossings ;Stonegate ;Elderbrook ;

**ADDR**

Showing 1-6 of 6

<input type="checkbox"/>	Block Start	Block End	Dir	Street	Suffix	Alley	Rear UE	Dir-2	From	Suffix-2	Dir-3	To	Suffix-3	MAPSCO	ICNI
<input type="checkbox"/>				Cherryridge		No	No		Village			Dead End		90Z	No <a href="#">A</a>
<input type="checkbox"/>				Glen Crossings		No	No		Village			Dead End		90Z	No <a href="#">A</a>
<input type="checkbox"/>				Winship		No	No		Cherryridge			Glen Crossings		90Z	No <a href="#">A</a>
<input type="checkbox"/>				Torrance		No	No		Cherryridge			Glen Crossings		90Z	No <a href="#">A</a>
<input type="checkbox"/>				Village		No	No	SE	Loop 820			Stonegate		90Z	No <a href="#">A</a>
<input type="checkbox"/>				Elderbrook		No	No	E	Dead End		W	Dead End		90Z	No <a href="#">A</a>

For new sub-divisions/requests where **5 or More** street names are showing up as “*Invalid*” do the following:

1. Leave the *Street Names* as they are, do not clear the fields.
2. Click on the **Save and resume later** button (highlighted in **Snip 1**).
  - o A notice message will appear calling out the **2XTMP-XXXXX** number as shown in **Snip 2** below.
  - o Note: be sure you have uploaded your documents for review.
3. Send an Email to our group (contacts at bottom)
  - o **Subject Line** of the email should read: **2XTMP-XXXXX Submitted for Validation**
4. Someone from our group will go in and “**Validate**” the *Street Names*, then **Submit** the request.
  - o Once we have submitted your request, we will replay back to your email informing you of the **UT2X-XXXXX** number and we will review/process your request as normal.

Vide of the Project Locations section with invalid street names left entered and button to *Click* on (**Snip 1**):
