

Public Meeting on *Design* plans

PROJECT OVERVIEW

West Bailey Boswell Road Project

City Project Number: 104153

Project Manager: David Kastendick, P.E.
Project Engineers: Teague Nall & Perkins, Inc.

December 4th, 2023

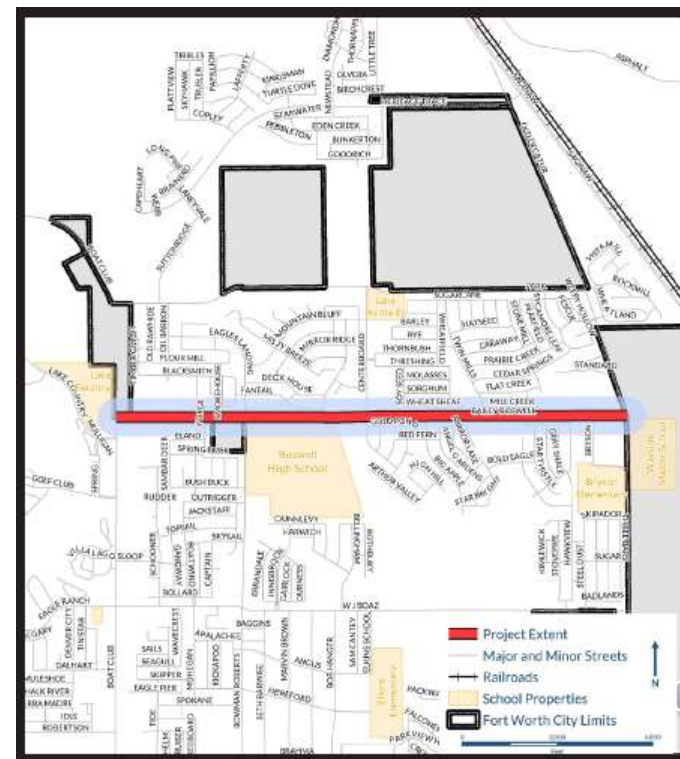

Agenda

- Project Information
- Project Goals and Improvements
- Project Schedule
- Project Funding and Costs
- Project Contact Information

Project Information

- From Boat Club Road to east of Wind River Road
- Approximately 1.79 miles in length
- Ultimate ROW of 110 feet

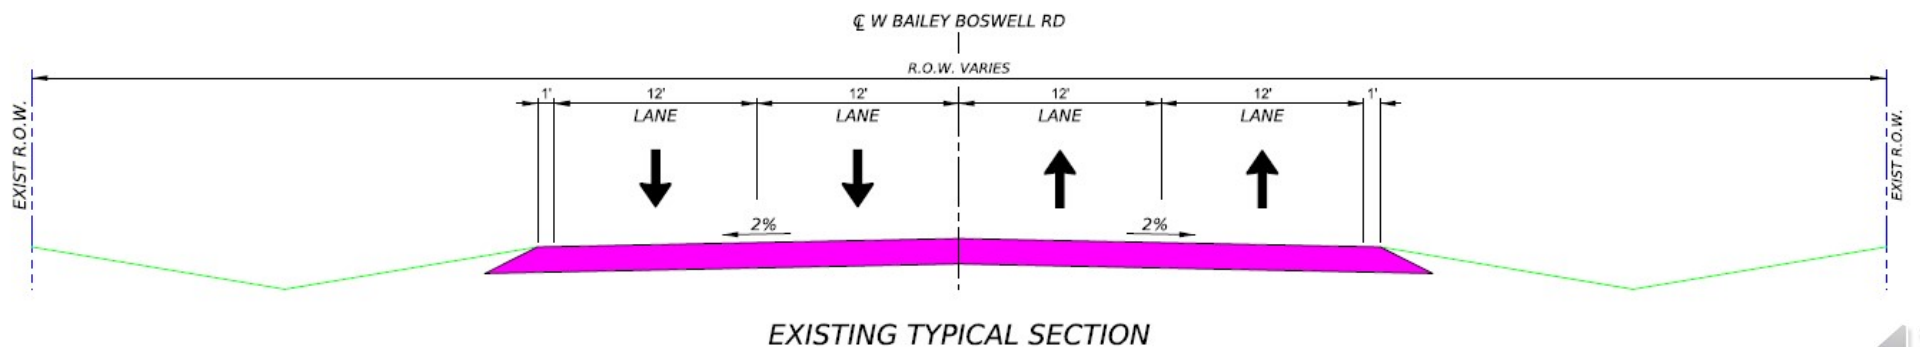

Project Goals & Improvements

- Improvement goals include:
 - Improve safety
 - Increasing capacity
 - Improving mobility
 - Enhancing roadway operation
- Widen existing undivided roadway to divided four-lane roadway to support vehicle safety
- Shared-use path construction on north and south side of roadway with curb-ramp systems to increase accessibility
- Signal improvements
- Continuous street lighting in the median

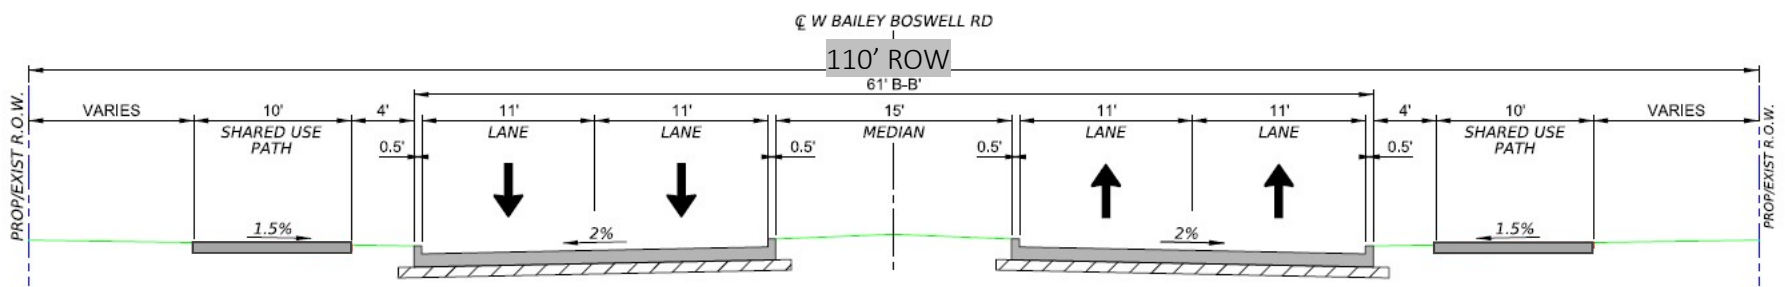

Existing Section

- Existing pavement width of 50 feet
- Two eastbound 12-foot lanes, two westbound 12-foot lanes
- Roadside ditches
- Variable ROW

Proposed Section

- Two eastbound 11-foot lanes, two westbound 11-foot lanes
- 16-foot raised median
- 10-foot shared use paths on eastbound and westbound sides of roadway
- Ultimate ROW width of 110 feet

PROPOSED TYPICAL SECTION

Signal Improvements

Major Drainage

- To mitigate flooding concerns, drainage improvements would be installed at
 - Navigation Drive
 - Twin Mills Boulevard

Project Schedule

- Currently in design phase: 30% stage
- Estimated construction start date: Winter 2025
- Estimated construction completion: Summer 2027

Project Funding & Costs

- Utilizing 2022 bond funding
- Estimated project cost: \$29,000,000

Comments?

- Comments on this project can be formally logged through our response forms
- Forms can be submitted by:
