Neighborhood Traffic Calming Request Application

Transportation and Public Works (TPW) Department

City of Fort Worth

Traffic Calming is the use of physical design features to reduce automobile speeds or volumes to improve the quality of life in both residential and commercial areas and increase the safety and comfort of walking and bicycling. The Neighborhood Traffic Calming Request process is designed to thoughtfully engage neighborhoods in conversations about their traffic safety challenges and to collaborate with them on potential solutions.

The Neighborhood Traffic Calming Request Process is outlined below. If you have questions or need additional information before submitting your application please email TrafficCalming@fortworthtexas.gov or call (817) 392-7738.

Please submit your complete application via email at TrafficCalming@fortworthtexas.gov or mail to:

City of Fort Worth
Attn: Traffic Engineering
5001 James Avenue, Suite 301
Fort Worth, TX 76115

Para asistencia con el idioma, comuníquese con Rafael De La Rosa al correo electrónico Jesus.DeLaRosa@fortworthtexas.gov o al número de teléfono 817-392-8582.

TRAFFIC CALMING APPLICATION STEPS

- 1** To submit an application, neighborhood association or group consensus should be established.
- 2** The applicant will be contacted to discuss the submittal process, which will include a petition from stakeholders in the primary affected area.
- 3** The application will be reviewed for completeness within three weeks of submittal.
- 4** Staff will evaluate applications against criteria to establish a neighborhood traffic calming project to be implemented as funds are available.
Criteria Include:
 - Street Type (neighborhood street or arterial)
 - Crash data - Vision Zero High-Injury Network
 - Proximity to pedestrian generators such as schools, transit stops, community centers, etc.
 - Infrastructure Audit (sidewalks, pavement markings, signage, etc)
- 5** A field visit or walk audit will be performed with participation from city staff, the applicant(s), and neighborhood stakeholders.
- 6** A neighborhood engagement meeting will be held to present findings, receive community input, and determine recommendations.
- 7** Finalized recommendations will be presented to the neighborhood. If there are no changes, then the traffic calming project will be programmed for implementation as funding is available.

APPLICANT CONTACT INFORMATION

Name _____ Phone _____

Email _____

Address _____

Your association with the neighborhood resident property owner business owner Other

Is your neighborhood represented by a Homeowners Association (HOA) or Neighborhood Association (NA)

Yes No

ISSUES

Check the Top 3 issues that you have observed. Provide a brief description, including the frequency and magnitude.

Speeding Street Racing Truck Traffic Crashes Pedestrian Safety School Related Traffic Other

Describe the Issue:

GEOGRAPHIC AREA WHERE ISSUES OBSERVED

Neighborhood Name _____

Roadway Name #1 _____ Limits (Cross Streets) _____

Roadway Name #2 _____ Limits (Cross Streets) _____

Roadway Name #3 _____ Limits (Cross Streets) _____

Attach an area map (optional) showing the roadway limits and boundaries that you listed above.

NEIGHBORHOOD SUPPORT

A petition is required to confirm the following:

- 1) All property owners /residents in the primary affected area are aware of the application submittal.
- 2) Two-thirds of property owners/residents support submittal of the application.
- 3) Residents accept that placement of traffic calming designs may be recommended in front of their property, which may impact on-street parking.

City staff will provide you with the required petition with property addresses.
