

STORMWATER - FIELD OPERATIONS

Standard Operating Guidelines For Distribution of Sandbags

Distribution of Sandbags - Dependent on Availability:

Stormwater Field Operations will have sandbags available to Fort Worth citizens to assist with imminent or immediate flooding issues, depending on availability. Supplies are limited and subject to quantities on hand and available for pickup. Please note, if a resident believes that their property may flood because of forecasted weather, it is their responsibility to protect their own property.

Distribution Process:

Sandbags can be picked up at the front gate of 4100 Columbus Trail Fort Worth TX. 76133 **Please call 817- 392-6261 for designated pickup days and times.** Sandbags also are sold at many local hardware and home improvement stores.

Pickup Instructions:

1. Bring proof of address.
2. Sand bags will be available on a first come first serve basis.
3. Sandbags weigh between 25 to 35 lbs.
4. Customers who have difficulty lifting heavy items are encouraged to come with someone who can assist with loading and unloading the bags.
5. Sandbags are made from biodegradable material and will deteriorate over time.
6. It is the responsibility of the citizen to dispose of the used sandbags in an appropriate manner.

WORK METHOD:

Stormwater Field Operations will keep 500 sandbags on hand at all times and can produce several thousand more, depending on the situation.
