

Irrigation Information!

To avoid notices, fines, or shut-offs make sure you're watering during the right times on your watering day!

This year-round watering schedule is mandated by City ordinance and applies to automatic and manual sprinkler systems.*

From 10 a.m. to 6 p.m.

NO WATERING except by handheld hose, soaker hose or drip irrigation

Watering by handheld hose, drip irrigation, or soaker hose is allowed anytime, as long as hand watering is done with a hand-held nozzle. Please note that rotary or oscillating sprinkler sprayers attached to hoses are not considered hand watering.

Water **no more than twice a week**, and only if needed. To find out how much water your yard really needs, sign up for the **Weekly Watering Advice** at WaterIsAwesome.com.

To avoid notices, be sure to set your pool filling schedule to align with your designated watering days.

**Ordinance No. 21194-04-2014*

Monday
