## Keep Fort Worth Beautiful's Annual Fall Cleanup Event

### What is Neighborhood Litter Stomp?

Neighborhood Litter Stomp is a citywide volunteer litter cleanup hosted by Keep Fort Worth Beautiful every fall. We want our residents and businesses to focus on beautifying their surrounding community. Encourage your friends, family and neighbors to pick up litter at their local park, school or block.

### What are the goals for this event?

Keep Fort Worth Beautiful works to ensure our city is a clean, green, and beautiful place to live. No one individual can do this alone. It takes all of us. This is why we invite people like you to participate in our activities and support our programs.

The heart of KFWB is our volunteers. Last year, volunteers removed over 45,876 pounds of litter and debris from our community during this event!

### Who can participate?

Everyone! Community organizations, businesses, individuals, non-profit, governmental agencies, and scout troops all are welcome to participate in this event.

### What ages can participate?

Youth, teens and adults are welcome to participate.

### What is the cost to participate?

There is no cost to participate.

KFWB provides gloves and trash bags to all registered participants. Event t-shirts are also provided to registrants while supplies last.

### Can volunteers choose a location to clean up?

Yes. Volunteers are encouraged to choose a location that is important to them. Locations can include school campuses, creeks and other waterways, or even empty lots. KFWB also chooses various hubs throughout the city. This year, hub locations are Lake Como Park, Eugene McCray Park at Lake Arlington, and Marion Samson Park. Volunteers are welcome to register for a hub location.
