

Big Fossil Creek Parallel Relief Sewer Main M-402, Phase 2

Tuesday, November 15, 6 p.m.

*Birdville Professional Learning Center at the Plaza
6351 Blvd. 26, North Richland Hills*

Agenda

- Introductions
- Project Overview
- Project Area
- Frequently Asked Questions
- Timeline

Your project team includes:

Project Manager: Walter Norwood

- 817-392-5026; Walter.Norwood@FortWorthTexas.gov

Inspector: John Robinson

- 817-392-8452; John.Robinson@FortWorthTexas.gov

Your project team includes:

Contractor: Circle C Construction

- Keegan Jonkers

Engineering Design Consultant: Brown and Gay Engineers

- Donald Lange and Masengu Ngenyi

Project Overview

This capital improvement project is Phase 2 of the Big Fossil Creek Parallel Relief Sewer Main M-402 project.

The single parallel sanitary sewer pipeline will impact property owners in Fort Worth, Haltom City, Richland Hills and North Richland Hills.

Project Overview

The sewer main touches Council District 4 to the south then proceeds north through Haltom City and Richland Hills and ends in North Richland Hills.

Project Overview

The single parallel sewer main is 66-inches in diameter. It will be constructed east of an existing 54-inch in diameter concrete sewer main.

The north end of the new main will connect to an existing 48-inch in diameter sewer main north of Broadway Avenue in Haltom City. The 48-inch sewer main is connected to the 54-inch in diameter sewer main.

Why is Fort Worth Water doing this sewer project?

This project will provide sufficient capacity to provide joint service for the entire Big Fossil drainage area. This includes the wholesale customer cities of North Richland Hills and Haltom City.

The scope of work includes multiple juncture structures and a wholesale customer meter station for Haltom City and one for North Richland Hills.

Will there be lane closures during construction?

The new parallel sewer main crosses under Trinity Railway Express, Airport Freeway, Midway Road, Big Fossil Creek, East Belknap Street, Boulevard 26/State Hwy. 183/East Belknap Street and Broadway Avenue.

The hours of construction are 7am to 6pm, Monday - Friday and, if requested by the contractor, 9am to 4pm or 5pm on Saturdays.

Signs will be posted to alert motorists.

Will our sewer service be interrupted?

Sanitary sewer service will not be interrupted. This force main does not connect directly to any customer sewer lines.

The two collector mains currently servicing the Clear Fork Basin area will continue to carry sewer to the treatment plants while the new sewer main is under construction.

What happens if my property is damaged?

Your property will be restored after construction is complete.

The contractor will take pictures and video of the property before breaking ground.

We also encourage property owners to take pictures and video (with a date stamp) of their property prior to construction.

Damage resulting from the contractor's activities during construction is the responsibility of the contractor.

How will we know construction is starting?

If you live in an area impacted by the construction you will receive a door hanger from the City of Fort Worth.

You will receive two door hangers.

The first one says
“Construction Starts in 7 days.”

WATER UTILITY IMPROVEMENTS

Construction Starts in 7 Days

WATER AND/OR WASTEWATER improvements are coming to your neighborhood. Crews are scheduled to begin work within the next SEVEN days, weather permitting.

Residents will have access to homes at all times. Water service will only be interrupted for short periods of time and advance notice will be provided as to when this will occur. There is never an interruption to wastewater service.

Residents are asked to keep all vehicles off both sides of the street during the week from 7 a.m. to 6 p.m. Travel and driveway access will be limited at times during construction.

For questions, please call 817-392-8306.

MEJORAMIENTO EN LA UTILIDAD DE AGUAS

Construcción Comienza en 7 días

Mejoramiento a agua y aguas residuales llegan a su vecindario. Los equipos están programados para comenzar a trabajar dentro de los próximos SIETE días, si el tiempo lo permite.

Los residentes tendrán acceso a sus hogares en todo momento. El servicio de agua sólo será interrumpido por períodos cortos del tiempo y el previo aviso será proporcionado en cuanto a cuando esto ocurra. Nunca hay una interrupción de servicio de alcantarillado y saneamiento.

Se pide a los residentes que retiren todos los vehículos desde a ambos lados de la calle durante la semana de 7 a.m. a 6 p.m. Los viajes y el acceso a la cochera estarán limitados a veces durante la construcción.

Para preguntas, por favor llame al 817-392-8306.

How will we know construction is starting?

The second door hanger says “Construction Starts Tomorrow.”

The inspector will include his/her business card and contact information on the door hanger.

WATER UTILITY IMPROVEMENTS

Construction Starts TOMORROW

WATER AND/OR WASTEWATER improvements are coming to your neighborhood. Crews are scheduled to begin work **TOMORROW**, weather permitting.

Residents will have access to homes. Water service will only be interrupted for short periods of time and advance notice will be provided as to when this will occur.

Residents are asked to keep all vehicles off both sides of the street during the week from 7 a.m. to 6 p.m. Travel and driveway access will be limited at times during construction.

For questions, please call 817-392-8306.

MEJORAMIENTO EN LA UTILIDAD DE AGUAS

La construcción empieza MAÑANA

Mejoramiento a agua y aguas residuales llegan a su vecindario. Los equipos están programados para comenzar a trabajar **MAÑANA**, si el tiempo lo permite.

Los residentes tendrán acceso a sus hogares en todo momento. El servicio de agua sólo será interrumpido por períodos cortos del tiempo y el previo aviso será proporcionado en cuanto a cuando esto ocurra. Nunca hay una interrupción de servicio de alcantarillado y saneamiento.

Se pide a los residentes que retiren todos los vehículos desde a ambos lados de la calle durante la semana de 7 a.m. a 6 p.m. Los viajes y el acceso a la cochera estarán limitados a veces durante la construcción.

Para preguntas, por favor llame al 817-392-8306.

Timeline

Construction starts January 9, 2023.

The projected end date is late Fall/early Winter of 2023.

The contractor will start west of Big Fossil Creek, just north of Midway Road at State Hwy. 121/Airport Freeway.

Where can I get more information?

Go to www.FortWorthTexas.gov and type the project number – 2702 – in the search bar on the home page. Big Fossil Creek Parallel Sewer Main M-402, Phase 2 will pop up.

To get project updates, scroll to the bottom of the project page and click on “Subscribe to this Page.”

The project map, and the project summary/frequently asked questions will be linked to this project page.

How do I report an emergency or non-emergency?

Emergencies

Water main breaks, sewer backups - 24 hours a day

817-392-4477, [Select Option 1](#)

Water Call Center (non-emergency)

- 7 am to 7 pm Monday through Friday
- 817-392-4477
- Closed City holidays

Download the MyFW app from the App Store or Google Play. You can report sewer overflows, leaks and water main breaks, missing or broken meter lids, water theft, water violations, no water service, water pressure issues and other sewer concerns.

Your project team includes:
