Submitter Comments: Compact districts with major highways and landmarks as borders. This plan uses major highways and landmarks as interior boundaries to create districts as compact as practical. The min-max population deviation is 6.3%. It has 8 majority-minority districts based on total population, 6 based on voting age. There are 5 minority opportunity districts (>65% for total population or >60% based on voting age), 4 opportunity districts (>65% based on voting age population).
